IT'S ANOTHER PARSONAGE YEAR

Yes, More Churches Than Ever Before Are Using Church Extension Loans in Buying Homes for Their Ministers.

Here Are Some Reasons Why:

1. **QUICK ACTION**—For an IMMEDIATE parsonage loan commitment, write, wire or telephone the Board of Church Extension.
2. **LOW INTEREST CHARGES**—4% per annum.
3. **NO EXTRA CHARGES**—The borrower pays no commission, no fees for abstract examination or survey. When a loan is closed by a Board representative no closing fee is charged. The only costs, exclusive of interest, are abstract continuation and recording fees.
4. **PAYMENTS**—1% per month of the original amount of the loan covering both principal and interest. The church receives full interest credit for all extra payments made. Such payments may be made in any amount and at any time.
5. **CHURCH EXTENSION CAN HELP SOLVE ALMOST ANY PARSONAGE PROBLEM.**

FOREWORD

This 1946 volume of the Disciples of Christ Year Book chronicles to the extent possible in one book the activities of our brotherhood as reported by its various organizations. Behind the all-too-brief reports and the multitude of statistics are the personalities of thousands of men and women, devoted to the Christian purpose, who do the work reported. If these pages can represent in some small measure the countless efforts of the peoples and the churches, agencies, committees and other organizations through which they function, this volume will have served an important function.

The compilation and preparation of this Year Book is made possible by the cooperation of the ministers and people in the local churches, by state and area workers and by the various organizations whose reports are contained herein. There is probably no other enterprise of the Disciples of Christ in which a larger and more representative group of people combine their efforts for a single purpose.

Year Book Arrangement

The 1946 Year Book is divided into several different sections in the following sequence:

1. Annual Reports
2. Directories
3. List of Ministers, etc.
4. Statistical Tables

In the Annual Report Section are found reports as submitted by the International Convention and the following organizations which are affiliated with it:

The United Christian Missionary Society
Pension Fund of Disciples of Christ
Board of Church Extension of Disciples of Christ
National Benevolent Association of the Christian Church
Association for the Promotion of Christian Unity
Board of Higher Education of Disciples of Christ
National Association of State Secretaries
National Evangelistic Association
National City Christian Church Corporation
Commission on Budgets and Promotional Relationships
Commission on Restudy of Disciples of Christ
Unified Promotion of Disciples of Christ
Disciples of Christ Historical Society
Chaplaincy Endorsement Commission of the International Convention

The reports of the All-Canada Committee and of *World Call* are also found in the Annual Report Section.

The Directory Section contains as complete and current a listing of the personnel of the various organizations reporting as it was possible to obtain at the time the Year Book went to press. Included in this section are several other miscellaneous and useful items.

The section which carries the *List of Ministers* was prepared from information furnished by the State and Provincial Secretaries and the National Christian Missionary Convention, revised with the latest information available before printing was begun.

The section headed *Statistical Tables* includes summaries made from the Tables and in addition data concerning our churches in other countries. A new table appearing for the first time in this edition of the Year Book gives data concerning those churches having the largest percentage of baptisms to their church membership. A new column in the Statistical Tables indicates gifts made to the International Convention to support its recently enlarged activity. An Annual Report of the International Convention appears in the 1946 Year Book.

General Statement

The Year Book Publication Committee has attempted to prepare a volume that reports as completely as possible the activities of the Disciples of Christ and to make the 1946 Year Book a valuable and useful publication for a wide variety of needs. Each year it includes a wider variety of information and wherever possible improvements are made. Each suggestion that comes to the Committee is given careful consideration. Everything practical is done to make the book comprehensive and accurate and to eliminate errors. Recognition and appreciation is herewith extended to the many people who have cooperated in the publication of this 1946 Year Book.

**REPORT OF THE EXECUTIVE SECRETARY
OF THE
INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST**

(For complete directory of this organization see page 129.)

On August 7, 1946, the International Convention of Disciples of Christ meeting at Columbus, Ohio, received the report of its Nominating Committee. On this historic date the election of a full-time Executive Secretary and the establishment of a permanent office of the International Convention took place.

Offices at 516-19 K of P Building, Indianapolis 4, Indiana, were opened on September 1, 1946, with H. B. Holloway, Business Manager and Transportation Secretary, in charge. On November 1 the Executive Secretary, Gaines M. Cook, took up his duties with Miss Gertrude Dimke as Office Secretary.

On October 8 the Executive Committee of fifteen members, plus President Hampton Adams; three Vice-Presidents, D. Nelson Sutton, Mrs. A. C. Ragsdale and Warner Muir, with the Executive Secretary, Gaines M. Cook, and Business Manager and Transportation Secretary, H. B. Holloway, and Treasurer, Oren D. Pritchard, met in Indianapolis for the organization of the new International Convention and to arrange for the 1947 annual meeting.

The permanent nature of the International Convention office anticipates a wider scope of service and a different relationship from that previously held by the Convention. The Convention hereafter should be thought of not only as an annual meeting but as a Brotherhood relationship. Specifically the Convention represents the churches. It becomes their voice insofar as the churches themselves permit it to speak. Through its officers it carries the representation of this great Brotherhood to the interdenominational fellowship of Christians, and it becomes the interpreter of the movement known as the Disciples of Christ.

Furthermore, it seeks to become the unifying center of fellowship whereby brethren of different opinions may have liberty, where we can express anew the essentials of the Christian faith as taught in the New Testament and where by charity and good will we seek to recognize and keep in love all those 1,850,000 Disciples who are proclaiming the gospel of Jesus Christ world-wide.

Through the years a number of important commissions have been created and have rendered real service to the Brotherhood. It is the purpose of the International Convention Office to clear channels for the meeting of these commissions and committees, and to require reports of progress from time to time.

The numerous agencies serving in the field of missions, benevolence, education, the ministry, church building, Christian unity, et cetera, are by their charter required to make annual reports to the International Convention as a condition of membership in the Convention itself. These reports shall be audited, scrutinized and encouraged by the office of the Convention.

The establishment of our permanent office is a venture of faith. Previous Conventions have authorized the Executive Committee to take steps necessary for its launching. A budget of \$33,000 has been approved by the Executive Committee and will be raised by direct contributions from the

INTERNATIONAL CONVENTION OF DISCIPLES
OF CHRIST

churches and without subsidy from any agency reporting to the International Convention. We believe that this is a strong feature in keeping the Convention entirely free and representative of the churches themselves.

Your Executive Secretary pledges the stewardship of his time and talent to the promotion of the annual Convention and to the clearance of all relationships within the Brotherhood which fall normally within the purview of his office. He expects to visit State Conventions, Ministers' Institutes, World Christian Institutes, to attend sessions of the World Council of Churches, Federal Council of Churches, and to supply wherever invited as the fraternal representative to sister religious communions in their state, national and regional conventions. Furthermore, it is our sincere purpose to keep the Convention above and beyond any party or group, organized or otherwise, and to fulfill our mission as truly as possible as a representative office of the entire Brotherhood. To this end we covet your prayers and fellowship.

Respectfully submitted,
GAINES M. Cook, Executive Secretary

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST ANNUAL REPORT

Five Minute Reports

Five minute reports were presented by representatives of the following organizations: Pension Fund, Board of Church Extension, National Benevolent Association, Board of Higher Education, Association for the Promotion of Christian Unity, National City Christian Church and World Call.

A Crusade for a Christian World

The Committee on Recommendations recommends the approval of the program entitled "A Crusade for a Christian World" and further recommends the approval of the recommendations of the Commission on Budgets and Promotional Relationships. (Shown below.)

Because we face a disillusioned, broken and needy world, because we believe that we hear the impelling voice of Christ appealing to our hearts as never before, the Committee further recommends that we heartily commend the committee of twenty-five for the work they have done in planning a crusade for a Christian world; and, that we express our gratitude and that we encourage the agencies, institutions and local congregations that participated in the movement to the fullest extent.

Recommendations of the Commission on Budgets and Promotional Relationships:

The Commission on Budgets and Promotional Relationships has studied the objectives and procedures of the Crusade for a Christian World as prepared by the Committee of Twenty-five and the Administrative Board; and heartily approves the Crusade.

The Commission was impressed by the cooperative attitude of the agencies involved and the thorough manner in which the Committee has planned for the Crusade. We recommend that all further consideration of askings on the part of agencies be referred to the Administrative Board.

The Commission believes that the Crusade will be a great unifying force in brotherhood life. That it will result in a revived and militant church. We recommend a financial goal not in excess of \$14,000,000.

We heartily commend the Crusade to the favorable consideration of the International Convention.

Action—VOTED to approve the recommendations of the Committee on Recommendations.

INTERNATIONAL CONVENTION OF DISCIPLES
OF CHRIST
ANNUAL REPORT

Report of American Bible Society

The American Bible Society submitted the following report:

Disciples of Christ missionaries in all of our missionary work are supplied with Scriptures by either the American Bible Society or the British and Foreign Bible Society. The way agreed upon for our Brotherhood of Churches to support Bible distribution is by gifts to the American Bible Society. Because the two societies either have joint agencies or divide the work, a contribution to one is in reality a contribution to both. The following resolutions are, therefore, proposed:

1. That the International Convention of Disciples of Christ commend the American Bible Society for its accomplishments in supplying the armed forces during the war period with 458,060 Bibles, 4,472,522 New Testaments, and 2,560,284 Gospels and other Portions; And that it commend the Society also for its vision and skill in preparing Scriptures in many languages for the civilian population and devastated areas, and the prompt delivery of these books to the wartorn countries at the conclusion of hostilities; and that it further commend the Society for carrying on its normal work in this country and abroad to a greater extent than ever before, while making so large a contribution toward the needs of the men in the service and the civilians in devastated areas;
2. That it commend the American Bible Society for its wise planning in cooperating with the British and Foreign Bible Society in seeing to it that Scriptures are available for home and foreign missionaries of the Disciples of Christ;
3. That it urge each church to give generously to the Society for both its regular budget and its world rehabilitation program. An effort is being made to increase the giving of Disciples for the regular work of the American Bible Society from $\frac{1}{10}$ of a cent per member to 3.3c per member. To reach this goal each church will need to include the American Bible Society in its regular annual budget for a gift of from \$5.00 to \$500.00.
4. That each individual church be requested to set aside Sunday, December 8, 1946, or some other suitable day, on which the place of the Bible is really emphasized, and the responsibility to the church for Bible distribution is clearly laid upon the consciences of the people.
5. That the churches encourage their members to join in the daily reading of passages between Thanksgiving and Christmas, selected this year under the general theme, "The Word of Power for a Power Age" as made available in suitable form, free of charge, by the American Bible Society.

Action—VOTED approval of the above resolutions.

Executive Statement of The United Christian Missionary Society concerning its 26th Annual Report as found on pages 66 and 68 of the Columbus 1946 International Convention Program Booklet.

The Committee on Recommendations reported as follows:

"The committee expresses gratitude that the Society was organized and ready to bring home safely and speedily our missionaries who were interned in foreign lands and are commending the Society for the quick action of re-entering countries devastated by war—notably the Philippines, China and Japan.

"The Committee further expresses gratitude for the Society in relation to the Japanese-American situation and for sound judgment and Christian planning amid chaotic and confused situations.

"The Committee expresses approval and commendation to the Society and the Committee of Twenty-Five for careful planning in launching this crusade for missionary work, and further recommends that this convention and our entire brotherhood give whole-hearted support to this enterprise.

"The Committee further calls attention to the offering from the Week of Compassion which made it possible to promptly re-enter the field of need in Europe in supplying food, clothing and Christian teaching."

Action—VOTED approval.

The Committee on Recommendations recommends the approval of the Annual Report of the Division of General Administration of The United Christian Missionary Society as shown on pages 86 to 89 in the Columbus 1946 International Convention Program Booklet, and the Committee further commends the well-planned and executed work of this department, noting that it has been largely responsible for the maintaining and advancement of this program through the recent years. The Committee especially commends the work which has been planned looking toward a more accurate and aggressive program among the men of our brotherhood. The Committee further desires to commend the faithfulness of this group who have been so faithful through the years and in spite of outside opportunities have carried on in our headquarters building. Resolution Concerning the Federal Union of the Churches

The following resolution was submitted concerning the Federal Union of the Churches:

"Whereas, the Message to the Churches adopted at the Second National Study Conference held at Cleveland, Ohio, January 16-19, 1945, under the Auspices of the Commission on a Just and Durable Peace of the Federal Council of the Churches of Christ in America, under Number III, 'Recommendations for Action' declared:

"1. Church and Federal Unity

The present structure of denominational Protestantism is not adequate to deal with the issues of our time. The problems of war, of labor, of the chaplaincy, of the returning veteran, of the world-wide mission of the church, of our relations with the Christian churches of Europe and Asia and with other faiths, are all too vast and difficult for solution by our separate denominational units. While we are asking for cooperation and unity in the political and economic fields, Protestants themselves must take seriously to heart the duty of achieving a far higher degree of unity.

We have already come far on the road of cooperation. But we must achieve a more vital and visible federal unity than we now have—a unity that will preserve the freedom of various denominational groups and at the same time release the undeveloped and uncoordinated resources of Protestantism and focus them on the solution of these pressing problems. We therefore urge the denominations to consider earnestly the possibilities, in ways not now envisaged, of realizing more fully the ecumenical fellowship by implementing the principle of federal unity on local, state and national levels."

"And whereas, it has been a traditional Disciples' plea to seek for the Union of all followers of Christ. Be it therefore resolved, that this Convention go on record as endorsing the principle of the Federal Union of Churches of America, with the allowing of the greatest freedom to local churches and to denominations, but with a unity that brings a strength far beyond our present condition of a much divided and weakened Protestantism.

(Signed) Robert Gemmer."

The Committee on Recommendations report as follows:

"Whereas, our present relations with the Federal Council of Churches of Christ in America which is seeking to bring a high degree of cooperation among the churches of America and in view of the fact that we have an Association for the Promotion of Christian Unity which deals with the subject of Christian Unity and Interdenominational cooperation, WE RECOMMEND THAT THE FOLLOWING RESOLUTION BE NOT APPROVED.

Action—VOTED that the resolution be recommitted to the Committee on Recommendations.

Resolution for Christian Citizenship

The following resolution for Christian Citizenship was submitted:

"Whereas, it is the duty of Christians, as citizens, to take an active part in the functions of democratic government

"And whereas, the problems of peace, of labor, of temperance, of economics, and of public welfare, are not being handled properly at the present time by either major party

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST ANNUAL REPORT

because they are too closely associated with and dominated by corrupt forces and those seeking special privilege,

"And whereas, a strong new party in keeping with Christian principles can and should become a reality in America by the uniting of the progressive forces believing in the ethical principles of Christianity,

"Be it therefore resolved, that this convention express its belief in such a new party which on a political scale could help achieve a social order more in keeping with the principles of Jesus. (Signed) Robert Gemmer."

The Committee on Recommendations recommends that this resolution be *not* approved.
Action—VOTED to approve the recommendation of the Committee on Recommendations.

Resolution on the Injustices Being Visited Upon Conscientious Objectors

The Committee on Recommendations recommends the approval of the following resolution on the injustices being visited upon Conscientious Objectors:

"Whereas, the Congress of the United States in passing the Selective Training and Service Act of 1940, provided that alternative forms of service of national importance be offered to those who, for reasons of religious training and belief, could not conscientiously serve in the armed forces,

"And whereas, conscientious objectors have, through the intervening years been compelled to serve without pay, maintenance, medical services, life or disability insurance or family allotments, and without benefits under the G.I. Bill of Rights when their services were over, and suffered other discriminatory treatment as compared with men and women in the armed forces,

"And whereas, these injustices are being continued in the post-war period through the extension of the Selective Training and Service Act.

"Therefore be it resolved, that this International Convention of Disciples of Christ petition the President and the Congress to correct these inequities at once so that American citizens be no longer penalized for following the dictates of conscience.

"Be it further resolved that we urge our members to make known their concern in this matter to the President and their representatives in Congress.

Resolution on Economic Tensions

The following resolution on Economic Tensions was submitted:

"Whereas, economic tensions which result in industrial conflicts in which management and labor are arrayed against each other in struggles which are disastrous to both parties and to the local, state, national and international community, involving in their consequences not only the families of the individuals engaged but also the livelihood and fortunes of others not parties to the conflict and sometimes affecting the national and international economy, and

"Whereas, the church cannot be indifferent to conditions which affect basic human rights and the welfare of individuals and families,

"Now, therefore, be it resolved, by this International Convention of Disciples of Christ—

1. That we reaffirm our approval of the Social Ideals of the Churches issued by the Federal Council of the Churches of Christ in America and that approval be given to the statement issued by a special meeting of the Federal Council at Columbus, Ohio, March 5-7, 1946, entitled, The Church and Economic Tensions, and that both of these documents be commended to our churches for sympathetic study and action.
2. That we urge our ministers and our churches to give attention to the underlying causes of economic conflict and to the issues involved in specific struggles in order

INTERNATIONAL CONVENTION OF DISCIPLES
OF CHRIST
ANNUAL REPORT

19

to reach a better understanding of the problem and in order to form judgments that are just and Christian.

3. We urge that increased attention be given by our ministers and churches to the spiritual needs of management and labor in order that the ministry of the Gospel may be brought to both groups and a bond of Christian fellowship be created which will enable both employer and employee to meet in the spirit of justice and brotherhood. We note with deep satisfaction and appreciation evidences of growing concern for the church and for Christian fellowship on the part of both management and labor and we welcome every manifestation of this concern as evidence of a desire for brotherhood and justice.
4. We declare that it is not the function of the church to become partisans in situations of industrial conflict or to take sides in specific industrial struggles. It is the responsibility of the church rather to proclaim both to management and labor that they are alike under the judgment of God and are thus obligated to practice the law of Christian brotherhood which begins with justice, fair dealing and mutuality of interest. This does not mean that the church should always be neutral in conflict situations. By the nature of its gospel it is committed to defend justice, fairness and human welfare wherever they are jeopardized, and to oppose injustice, oppression and wrong wherever these are found. By the nature of its Gospel also it is committed to the support of the poor, the dispossessed and the oppressed in legitimate efforts to achieve for themselves and their families a better life.
5. That we commend efforts to bring labor and management together for counsel and study through such organizations as the National Religion and Labor Foundation, national conferences of labor and management, local church and industry councils and local church and labor councils, urging that wherever possible that these latter be merged as church and labor-industry councils.
6. That we urge the department of Social Welfare of The United Christian Missionary Society to give increased attention to this field of Christian service."

Action—A Motion to recommit was lost and the convention then VOTED approval.

Resolution on Material Relief

The following resolution on Material Relief was submitted:

"Whereas, this convention has learned that in addition to the Week of Compassion offering for relief of the starving peoples of war-devastated and famine lands, many churches, Sunday schools, women's and young people's groups have made generous contributions of food and of clothing, shoes, bedding, hospital supplies, books and other commodities through the Philippine Committee, Church World Service, the Victory Clothing Campaign, and the United Nations Relief and Rehabilitation Administration, and

"Whereas, the handling of material aid has been assigned to the Department of Social Welfare of The United Christian Missionary Society in cooperation with the committee on Relief Appeals of this convention

"Be it therefore resolved, that this International Convention of Disciples of Christ commends the work of our churches in this important enterprise and urges that it be continued, giving particular attention to the distribution of such supplies through the facilities of Church World Service which was organized to coordinate Protestant relief efforts in Europe, Asia and other parts of the world.

"Be it further resolved, that we respectfully request the President of the United States to make possible at the earliest moment channels whereby financial and material aid can be sent to Japan in accordance with legislation passed by Congress."

Resolution Calling for Closer Unity Among Communions

The following resolution was submitted:

"Disciples of Christ, who for more than one hundred years have pled for the healing of divisions among Christians and for a visible and effectual unity of the Church of Christ, cannot but be grateful for every movement looking toward that blessed consummation. We rejoice in the many evidences of concern over the divided condition of the church now confronted by anti-Christian forces which threaten the destruction of civilization.

"We share with our fellow Christians everywhere the sense of urgency that the total resources of the church, in faith and life, shall be united against this threat.

"We would not fail to cooperate with any who seek to show forth more convincing evidences of our faith in Christ and willingness to obey him in all things.

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST ANNUAL REPORT

"Gratefully acknowledging the initiative taken by the General Council of Congregational Christian Churches, we, Disciples of Christ, now assembled in Convention at Columbus, Ohio, do respectfully memorialize the Federal Council of Churches of Christ in America asking it to convene a plenary session of representatives of American churches to study the possibility of closer unity among communions already in sufficient accord in essentials of Christian faith and order to give promise that such a conference would result in further and effectual achievement in Christian unity."

Resolution on Amnesty for Conscientious Objectors

The following resolution on amnesty for conscientious objectors was submitted:

"Whereas, among those who have been sentenced for violation of the Selective Training and Service Act of 1940, are many who acted in conformity to religious training and belief, the rights of conscience and of individual liberty, and

"Whereas, it has been customary for the President of the United States to grant amnesty to political offenders at the close of past wars in which the United States has engaged, and

"Whereas, only by such a proclamation of amnesty can these men, some of whom are under severe sentences, be freed and their political liberties restored:

"Therefore, be it resolved, that this International Convention of Disciples of Christ respectfully requests the President of the United States to proclaim a general amnesty with restoration of civil rights to conscientious objectors convicted of violation of the Selective Training and Service Act of 1940, where the record shows that the offense was due to fidelity to religious training and belief; and that the President be further petitioned to include in such proclamation restoration of civil rights to such persons who have been released on parole or upon completion of sentence."

Resolution on Christian Race Relations

The following resolution concerning Christian Race Relations was submitted:

"Whereas, The Federal Council of the Churches of Christ in America at a special meeting in Columbus, Ohio, March 5-7, 1946, at which this International Convention of Disciples of Christ was represented by its duly elected delegates, unanimously adopted a statement entitled, 'The Church and Race Relations,' explicitly renouncing the pattern of segregation in race relations as a violation of the Gospel of love and brotherhood and calling upon its constituent communions likewise to renounce segregation in membership, fellowship, worship, service and employment.

"Now Therefore Be It Resolved, That this International Convention approve this action of the Federal Council of the Churches of Christ in America and that the statement be referred to the churches for sympathetic study and action, recognizing that the difficulties involved are many and that they are rooted in age-long prejudices and in differences in religious, cultural, educational, and economic opportunities which must be regarded as integral to the problem. We further urge the churches in the exercise of their freedom in Christ to measure their teaching and practice with respect to persons of other races and colors by the teaching of Jesus in the Gospels and by the precept and example of the New Testament Church, in their study giving especial attention to the controversy in the Church of the first century A.D. over the reception of Gentile converts (Galatians 2:11-14) and to the words of the Apostle Paul (Galatians 3:27-28) that 'As many of you as have been baptized into Christ did put on Christ' and 'there can be neither Jew nor Greek, there can be neither bond nor free, there can be no male or female; for ye are all one in Christ Jesus.'"

Resolution on Peacetime Military Conscription

The following resolution concerning peacetime military conscription was submitted:

"RESOLUTION. 'Whereas, peacetime conscription for military training or service is a violation of the American tradition of voluntary military service and is, in our opinion, a threat to peaceful international relations, and

'Whereas, the adoption of peacetime conscription for military training or service would, in our view, jeopardize our full commitment to the United Nations by setting a pattern which other nations would feel bound to follow as a matter of self-protection.

Resolution on World Order

The following resolution on world order was submitted:

"Whereas, recent discoveries in atomic science have placed in our hands powers which give 'new and fearful meaning to the age-old plight of man' and opens before us all 'the prospect of swift ruin for civilization and even the possibility of a speedy end to man's life on earth' and

"Whereas, the use of this new and awful weapon over Hiroshima and Nagasaki and in experiments under controlled conditions at Bikini Atoll seem to verify the warnings of atomic scientists that there is no defense against it except to abolish war itself, and

"Whereas, more than fifty nations have accepted membership in the United Nations and the International Court of Justice in the hope of achieving peace, justice and security.

"NOW THEREFORE BE IT RESOLVED:

1. That this International Convention of Disciples of Christ affirm its support of the United Nations. We recognize its present inadequacies, due in part to the unreadiness of nations, including our own, to trust the adjudication of their disputes to world opinion, in part to the political immaturity and lack of experience in democratic practice on the part of many peoples of the world, in part to the inherent defects in the organization itself, and in part to the revolutionary demands for new patterns of political and social life which have been thrust upon us by the realities of the atomic age. And while these conditions require that we labor for as rapid amendment of the Charter and the agencies established under it as is politically feasible, we urge our own nation to employ to the full the present facilities and functions of these agencies in confidence and hope that the issues which threaten conflict may be settled peacefully and justly. We therefore beseech Christians everywhere to study the Charter of the United Nations, to acquaint themselves with the work of the Security Council, the International Court of Justice, and other agencies of the organization, and to give in every way consistent with the spirit of Christ their support to our representatives on the several agencies in their efforts to lay the foundations for security, justice and peace.
2. That we recognize that those nations which have discovered and now possess the secret of atomic power, among which is our own nation, bear a heavy responsibility for seeing that it is used only for constructive purposes and to enrich the lives of all people everywhere. We urge these nations to take such steps as will make impossible its use for the purposes of war by placing atomic energy under international control with proper safeguards. We join the Commission on the Relation of the Church to War in the Light of the Christian Faith, appointed by the Federal Council of Churches of Christ in America, in deep penitence for the use already made of the bomb in the surprise bombing of Hiroshima and Nagasaki as morally indefensible and we commend the Report of the International Control of Atomic Energy prepared by the Secretary of State's Committee on Atomic Energy, headed by Mr. David E. Lilienthal, and the proposals made to the United Nation Atomic Energy Commission by Mr. Bernard Baruch on behalf of the United States. We commend also the action of the Congress of the United States in placing atomic energy in the hands of a civilian commission.
3. This convention respectfully urges the President and the Congress to support legislation providing for acceptance of compulsory jurisdiction by the International Court of Justice in all legal disputes as defined within the Charter of the United Nations.
4. We respectfully urge the President of the United States and the Congress to support a policy of placing former enemy colonies and all islands taken during the war under trusteeship of the United Nations.
5. We respectfully urge the President and the Congress of the United States to use their best efforts to continue the United Nations Relief and Rehabilitation Admin-

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST ANNUAL REPORT

istration (UNRRA) beyond the date of its legal termination, December, 1946, until such time as the danger of world starvation has passed.

6. That we commend the work of the Commission on a Just and Durable Peace of the Federal Council of the Churches of Christ in America, and our own Commission on World Order, and that we urge our churches to cooperate with these commissions, especially in the matter of organizing study classes on world order, observance of World Order Sunday and World Community Day, and by sponsoring discussion and forum groups dealing with the subject. We especially commend for study and action the report of the Commission on the Relation of the Church to War in the Light of the Christian Faith (The Calhoun Commission), entitled "Atomic Warfare and the Christian Faith" and other study materials provided by the Commission on World Order.
7. We are troubled by the complacent acceptance in some quarters that another world war is inevitable with the United States and Russia as the chief opposing belligerents. We regard such ideas, whether thoughtlessly expressed by the man on the street or by responsible persons in high places, as thoroughly mischievous and dangerous. Nations with radically different political economies can live together in peace and amity if there is the will to do so. It is incomprehensible to us that with scarcely a year having elapsed since hostilities of World War II ceased, while thousands are still in hospitals recovering from illness and battle wounds, while hearts of fathers, mothers, widows and orphans are still sore over the loss of loved ones, and while nations are still struggling to put their feet again in the paths of peace, men and women can calmly contemplate a return to war despite the demonstrated fact that future wars will be incredibly more horrible than anything heretofore known to man. We are particularly concerned that church leaders in the field of World Order should maintain the high position taken by the American Protestant Churches in the Delaware and Cleveland conferences and resist all temptations to surrender to the so-called 'realities of international politics.' We therefore call upon Christians everywhere to think peace, pray for peace, to work for peace, and to resist with all their might the complacent drift toward war as inevitable, remembering that wars arise out of conditions that are within human control and which can be made subject to the will of responsible statesmen who are determined to maintain peace."

The Committee on Recommendations recommends the approval of the resolution on World Order, deleting the word "surprise," line 12, section 2.

Action—Motion to recommit to the Committee on Recommendations was lost and a substitute motion was withdrawn, whereupon it was voted to approve the recommendation of the Committee on Recommendations.

The following resolution concerning cooperation and eventual union between churches of Disciples of Christ and churches of the Northern Baptist Convention was submitted:

"This is the day when very significant unions are taking place between other parts of the Body of Christ. Some of these are the recent union of the Evangelical and Reformed Churches, the Congregational-Christian Churches, the current union of the Evangelical and United Brethren Churches, the possible union of the Congregational-Christian Churches with the Evangelical and Reformed Churches, the possible union of the Presbyterians and Episcopalians, and the possible union of the Reformed Church and the

United Presbyterians. Men and women everywhere are working hard to help answer the prayer of the Master 'That they might all be one.'

"It seems to us significant that out of our traditional desire for Christian unity there have been so many Disciples of Christ that have dedicated their lives to the cause of the Ecumenical Church. It also seems significant that we should make this request at a time when we are meeting in conference and in rich fellowship together with those of many other churches, those actively engaged in the program of the various national, state, and local councils of churches throughout the country.

"We urge that renewed impetus be given to the working out of cooperation and eventual union between the churches of the Disciples of Christ and the churches of the Northern Baptist Convention."

"Whereas, there has been an urgent desire for closer cooperation between the major interdenominational agencies in the United States of America, and looking toward this end the Committee on Further Procedure concerning the Closer Relationships of the General Interdenominational Agencies has given long and careful consideration to the formation of the National Council of the Churches of Christ in the United States of America to accomplish such cooperation; and,

"Whereas, the report of this Committee has been accepted and approved by the following interdenominational agencies:

United Stewardship Council

and the following are continuing to study the proposed plan in consultation with their constituent boards;

Resolution Concerning Twenty-First International Convention on Christian Education

The following resolution concerning the Twenty-First International Convention on Christian Education was submitted:

"Whereas, it is with deep interest and satisfaction that we receive the announcement of the plans to hold a great interdenominational Sunday School Convention, July 23-27, 1947, at Des Moines, Iowa, under the leadership of the International Council of Religious Education of which our Department of Religious Education is a constituent member, and

"Whereas, we believe that such a demonstration now of the powerful forces of Christendom in America will make a vital contribution to our national life, arouse the general conscience to the necessity of giving Christian Education a central place in Modern culture, and bring inspiration and new zeal in the hearts of Christian Workers,

"Therefore Be It Resolved:

1. That we commend the plan to make this a popular convention for volunteer Church School and Church workers;

Resolution Concerning Separation of Church and State

The following resolution concerning the separation of Church and State was submitted: "Resolved: That the principle of 'The Separation' of Church and State is fundamental to the well-being and continued progress of our nation, and that the foundations of our government were built upon these sound principles,

"Therefore, we petition the President of the United States to immediately withdraw from the Vatican, the church of Rome, his personal representative, it being the belief and the sense of this Church that the presence of such a representative is contrary to the separate standards of government and church as established by the people of the United States,

"Resolved, that this or a similar Resolution be presented to the President of the United States with the approval of this convention."

The Committee on Recommendations recommends that the resolution on "Separation of Church and State" be *disapproved* because of the fact that the matter has been more fully covered in a previous resolution.

Report of the Commission on Restudy of the Disciples of Christ

In relation to the report of the Commission on Restudy of the Disciples of Christ as shown on pages 124 to 128 of the Columbus 1946 International Convention Program Booklet, the Committee on Recommendations brought the following recommendation:

"The Committee invites particular attention to the suggestions and recommendations found in the conclusion on page 128. From that conclusion we would emphasize the statement of the Commission upon its spirit, 'It is our highest desire and our prayer that the spirit which characterizes the fellowship within our commission might be spread throughout the entire Brotherhood as it pursues the discussion of these matters to which we have given and if so ordered, will continue to give, our best thought and devotion.'

"The Committee wishes to especially emphasize the three recommendations of the Commission contained in the concluding statement of the report, page 128, as follows:

1. We recommend to the International Convention that our Commission be continued in order that it may further explore the matters referred to herein and extend its studies into other areas in which the unity of our people may be threatened.
2. We recommend that the Commission be authorized to incorporate the results of its study in an extended report, the precise nature and form of which would be determined by the Commission in the light of its further study.
3. We also recommend and invite a general and open discussion in our press, on our convention platforms and in the boards of our agencies of the questions indicated in our present report, and any other questions relevant to our unity."

The Committee feels that in the light of ten full years' work and with this comprehensive report by the Commission on Restudy, that this report is perhaps the most important one which will be made to the Convention in 1946.

The Committee further recommends that when this report is made on the floor of the Convention, the chairman of the Commission or someone whom he shall designate be asked to make a statement to the Convention on the importance of this Commission's work as it is related to the entire brotherhood.

The Committee also recommends that since for eight years the members of this Commission have borne the expense of the work of this Commission, the Executive Committee of the International Convention now take steps toward the adequate financing of the work of this Commission.

Action—VOTED approval.

Time of Next International Convention

The following resolution concerning the time of the next International Convention was submitted:

"Since the high value of Summer Conferences in the Christian Education of young people and adults has been long established, and since these Conferences reach a larger constituency with Christian training and inspiration than any other Brotherhood project, since these Conferences have been an established institution for 25 years, since these Conferences can be held only during the months of June, July and August, since the International Convention has a great flexibility in the time of its meeting, and since the holding of an International Convention during the months of June, July and August creates extreme hardships for Summer Conferences,

"Be it Resolved, that we recommend to the Resolutions Committee of the International Convention that it report favorably on the resolution that no future session of the International Convention be held during the months of June, July and August, and
"Be it Further Resolved, that we urge the adoption of this resolution by the International Convention meeting in Columbus in August of 1946."

The Committee on Recommendations recommends that this resolution concerning the time of the next International Convention be referred to the Executive Committee of the International Convention and the Committee on Time and Place.

Action—VOTED to approve the recommendation of the Committee on Recommendations.

Resolution Concerning Unity With Congregational Christians

The following resolution concerning unity with the Congregational-Christian Church was submitted:

"Be it resolved by the International Convention of the Disciples of Christ, in session at Columbus, Ohio, August 6-11, 1946, that

1. The Executive Secretary of the Convention of the Disciples of Christ be instructed to approach the religious body known as the Congregational Christians through its properly constituted officials with a view toward organic unity with the said body.
2. A Committee be appointed at this convention ready to meet with such a committee representing the Congregational Christians, when and if the Congregational Christians are receptive to such a union.
3. The Executive Secretary of the Convention of the Disciples of Christ be asked for a report on progress at the next convention of the Disciples of Christ.

M. E. N. Lindsay, Tazewell Christian Church, Tazewell, Virginia."

The Committee on Recommendations recommends that this resolution be referred to the Executive Committee of the International Convention.

Action—VOTED to approve recommendation of the Committee on Recommendations.

Resolution Concerning Invitations of Northern Baptist Convention to Share in a Joint Convention

The following resolution concerning an invitation to the Northern Baptist Convention to share in a joint convention was submitted:

"In light of a number of successful mergers between Christian communions recently and with a conviction that the Disciples of Christ must not retreat into sectarianism, it is resolved that an invitation be given to the Northern Baptist Convention to share in a joint convention the year after next, looking forward to the gradual merger of the national agencies of each group. The former emphasis of merger and cooperation on the local community level will push the possibility of union out of the foreseeable future.

Spencer Mitchell."

The Committee on Recommendations recommends that this resolution concerning union with the Northern Baptist Convention be referred to the Joint Commission of Baptists and Disciples for further study.

Action—VOTED to approve the recommendation of the Committee on Recommendations.

Resolution Concerning Union of Baptists and Disciples

The following resolution concerning union of Baptists and Disciples was submitted:

“And whereas Church Unity has been a traditional Disciples’ plea

“And whereas many other denominations of far more different backgrounds and belief are taking definite steps toward union.

Resolution on Alcohol Problem

The following resolution on the alcohol problem was submitted:

"Whereas, the church of Christ throughout the ages has resolutely set its face against the traffic in alcoholic beverages and the individual and social evils which flow from drink, and

OF CHRIST
ANNUAL REPORT

Whereas, we note with growing concern the increase of all forms of social maladjustments commonly associated with the beverage use of alcohol, and

Whereas, the alcoholic beverage industry is now so deeply entrenched within the tax structure of government that neither the industry itself nor government seems to be able to discipline its anti-social and criminal elements.

Now Therefore Be It Resolved, by this International Convention of Disciples of Christ—
1. We call upon our churches for a renewed emphasis upon abstinence from alcoholic beverages as a Christian duty. In this matter judgment should begin at the house of God and with those who profess to follow Jesus Christ. In the face of the personal and social demoralization caused by liquor, Christians should sternly discipline themselves to avoid any appearance of condoning or sharing in this evil. Christians who use alcoholic beverages not only help to put the stamp of social approval on it in the home and in the community but also help to perpetuate an industry that spells disaster for an increasing number of people.

2. That we call upon our churches for renewed emphasis upon alcohol education to warn both young and old against the subtle dangers of the alcoholic drink, and that we call upon our leaders in the field of religious education and social welfare to plan an educational campaign to reach every church with this instruction.

3. That we favor a revision of the alcoholic beverage tax structure to graduate excise taxes in proportion to alcoholic content, with a view to discouraging, through prohibitive taxes, the use of the stronger alcoholic beverages.

4. That we call upon federal, state and municipal governments for more stringent enforcement of existing laws and regulations governing the manufacture, distribution and sale of alcoholic beverages and for stricter legislation governing hour of sale for both off-premises and on-premises consumption. We particularly call for rigid enforcement of laws forbidding sales to minors and for stern punishment for those who violate such laws. We also call for stricter enforcement of laws against drinking drivers and drunken drivers who wreck such havoc in life and property on our streets and highways.

5. That we favor prohibition of the manufacture, distribution and sale of alcoholic beverages through local and state option in all precincts, towns, cities, counties and states where a majority of the citizens favor such action.

6. That we call for establishment by the various states of hospitals and sanatoriums for the treatment of alcoholics, funds for the establishment, construction and maintenance of such hospitals and sanatoriums to be provided from the excise taxes on alcoholic beverages received by the federal government and by the states instituting such programs of treatment. We commend the establishment of alcoholic clinics along the lines laid down by the Yale School of Alcohol Studies and urge that the number of such clinics be enlarged as rapidly as possible.

7. We commend the work of the movement known as Alcoholics Anonymous as a therapy that is basically and essentially religious. We rejoice in the fact that nearly 20,000 men and women who were alcohol addicts have been liberated from their bondage to drink through its assistance. We urge our ministers and churches to study the movement and to cooperate with it in its redemptive work.

8. That we deplore the effect of alcoholic beverage advertising upon the minds of the people, especially upon the minds of youth, through false and unwarranted claims which go far beyond public presentation of brand names common to all forms of advertising to invest the use of liquor with an atmosphere of prestige and social desirability.

9. That in view of reports of the prevalence of drunkenness and crime in certain areas of occupied countries where our armed forces are located, we call upon the President to forbid the sale or possession of alcoholic beverages on military reservations and establishments and to take stringent disciplinary action to prevent drunkenness among the members of the armed forces."

The Committee on Recommendations recommends the approval of this resolution on the Alcohol Problem with the following changes made:

1. The first "Whereas," to read—"Whereas, the church of Christ has resolutely set its face against the evils which flow out of the traffic in alcoholic beverages and"

2. That the following paragraph be substituted for Paragraph 8: "We object to all liquor advertising and call upon Congress and the legislatures of the various states to pass necessary legislation to the end of eliminating all liquor advertising."

3. Paragraph No. 10 be added as follows: "We are opposed to the seeming effort of motion picture makers to portray drinking as a part of every social gathering and to surround the picture with an atmosphere of social acceptability."

Action—VOTED to approve the recommendation of the Committee on Recommendations.

1. That this Convention recommend to the Christian Churches and Churches of Christ here assembled, that they accept the invitation of the U. S. Each participating Christian Communion will underwrite the salaries of its own chaplains and with the assurance that no chaplains will be required to compromise in matters of conscience, faith or practice of his church in his ministry to his men.
2. That we, in so doing, recognize our debt to the wounded and disabled veterans who have borne the heavy end of the burden of the war, for it is by their suffering and sacrifice that victory is ours, and that we hereby resolve to see to it that the Veterans of World War I and that the Church of Christ will stand by them now in their time of need,
3. Be it further resolved that, whereas this ministry is nation-wide in its scope and need and should have the wholehearted support of the entire Brotherhood to make it effective and worthy of our people, that a copy of this resolution be presented to the Resolutions Committee of the International Convention of the Disciples of Christ meeting next week at Columbus, Ohio, with our endorsement and recommendation that it be presented to the Convention for appropriate action, urging its adoption and support.
4. Whereas, several of our chaplains are available for immediate service, we recommend that our Churches open their pulpits at once for presentation of this work to our people and that they make an emergency appropriation from their missionary budgets in order that these chaplains may be put to work immediately in hospitals of this area where they are urgently needed. Chaplains will be employed as quickly as funds are made available.

Taylor to the Vatican as the President's personal representative to the pope, and has declared that there is not now and never has been any intention that this appointment should lead to permanent diplomatic relations between the government of the United States and the head of the Roman Catholic Church; therefore

Be It Resolved, that we strongly approve this expressed intention and congratulate the President upon having formed and announced it, and we urge that it be carried out with the least possible delay, without waiting for the signing of the treaties, in view of the fact that, in the formulation of the terms of the peace treaties, the Vatican has many interests which are not parallel to those of the people and government of the United States; and further

Be It Resolved, that we place upon record our unalterable opposition to any policy or practice by the federal government or its executive officers which, whether formally or informally, creates a bond of connection between the government of the United States and any church and thus has the effect of enhancing the prestige and power of one church to the disparagement of all others.

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST

THE CONSTITUTION OF THE INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST

as revised to May 7, 1941

Preamble

Whereas, There is a widespread feeling among Disciples of Christ that a closer cooperation among their various missionary, educational, benevolent, and other agencies, and a more general fellowship in their common efforts for the extension of the Kingdom of God in the world, would result in greater efficiency;

Therefore, We, members of Churches of Disciples of Christ in convention assembled, reaffirming our steadfast adherence to the independence and autonomy of the local churches and disavowing any control over our congregations or missionary, educational, and benevolent agencies other than that which is advisory, and inviting the fellowship of all our brethren in the accomplishment of these ends, do hereby adopt the following:

CONSTITUTION

Article I—Name

Article V—Committees

Section 1. Executive Committee.—Between annual meetings, the management shall be vested in an Executive Committee of fifteen members, the terms of five of whom shall expire each year. Through subcommittees or otherwise, it shall be the duty of the Executive Committee to act in an auditing and advisory capacity with the various missionary, educational and benevolent boards, and to cooperate with such boards in preparing the programs and all arrangements for the holding of the next annual assembly, and in presenting thereto, for approval and recommendation to the churches, a proposed missionary, educational and benevolent estimate and apportionment for the

INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST

succeeding year, and a proposed time and place for holding the ensuing annual assembly. No member of the Executive Committee shall be an officer of the Convention, but the President, the three Vice-Presidents, and the General Secretary shall be ex-officio members.

Section 2. Committee on Recommendations.—Throughout the annual assembly there shall sit from day to day, with power to appoint subcommittees, a Committee on Recommendations, which shall receive such reports of the various general agencies as may be submitted to it by the Convention; shall analyze and scrutinize such reports; shall make such recommendations regarding said boards as it deems wise; and shall submit the same to the Convention. To such committee all resolutions and other business shall be referred without debate. It is ordered, however, that no resolution or matter of business, except matters of emergency, shall be considered by the International Convention unless it has been presented to the Convention in time to reach the Committee on Recommendations at least twenty-four hours before the last business session of the Convention is scheduled to begin. The presiding officer shall rule whether the resolution proposed is an emergency resolution or not. It shall report at each daily business session of the Convention; and each item of business so reported shall be approved or disapproved, or recommitted to it by the Convention to be revised and again reported. The Committee on Recommendations shall be annually constituted of members of Churches of Disciples of Christ who shall possess good business qualifications and be actively interested in the various agencies of the brotherhood, but not in their employ. It shall be composed of those chosen by the several State or Provincial Missionary Societies or Conventions where one or more States or Provinces may be affiliated in such District organizations, as follows:

(a) Three members for each State, Province or District regardless of the number of members of Churches of Disciples of Christ within such territory, one member to be elected each year.

(b) Three additional members for each twenty-five thousand or final major fraction thereof of church membership above the first thirteen thousand within such territory, with the understanding that all States having above fifty thousand members shall have nine representatives. In each case, one-third of the representatives are to be elected each year.

(c) The members of the Executive Committee shall also be ex-officio members of the Committee on Recommendations.

(d) The Committee on Recommendations may fill vacancies in its own membership.

Section 3. Other Committees.—Subject to the confirmation by the Convention, the President shall appoint four committees of five members each, namely, a committee to nominate officers and executive committeemen for election by the Convention; a committee on remembrance to present to the Convention a memorial report; a committee on publicity to see that adequate reports of the Convention are published to the world; and a committee on fraternal relations to convey, by messenger or otherwise, to other general religious conventions, fraternal greetings and hope for Christian union. He may appoint special committees as the need arises.

Article VI—Admission of Organizations

On its application being presented to the Convention and same being favorably reported by the Committee on Recommendations and approved by a two-thirds vote of the Convention, any general brotherhood missionary, educational, or philanthropic organization may become a cooperating organization under the provisions of the Constitution, provided it will agree to insert in its Constitution or By-Laws a provision to submit its reports to the Convention and to hold its books, accounts, and all its records open to the inspection of the Committee on Recommendations or of the Executive Committee of the Convention between annual meetings of the Convention whenever such inspection is desired either by the Convention or by either of these committees. The Convention will in every way within its power, under its Constitution, aid in promoting the work of its cooperating organizations. Cooperation between the Convention and a cooperating organization may be terminated at the expiration of one year after written notice of a desire to terminate such cooperation shall have been given by one or the other.

Article VII—Amendments

This Constitution may be altered or amended by a two-thirds vote of those present and voting at any annual assembly, provided notice thereof shall have been given in writing at the previous annual meeting, by the Executive Committee or by not less than fifteen members.

The United Christian Missionary Society

TWENTY-SIXTH ANNUAL REPORT

Executive Statement

H. B. McCormick, President, Indianapolis, Indiana

(For complete directory of this organization see page 129.)

With the end of active warfare the work of the United Society on almost every field has multiplied. We give a few significant examples.

1. All of our interned missionaries have been released and after reaching the homeland the majority of them have returned to active service on their fields. Sixteen missionaries were interned, some of them for extended periods.

2. Secretarial visits providing inspiration and close observation of the work have been resumed. Virgil A. Sly spent four months in the Belgian Congo. E. K. Higdon spent three months in the Philippines, the first Protestant missionary to return; he went in behalf of all the missionary forces in North America. Mrs. Mae Yoho Ward spent five weeks in Mexico, and a similar period in Puerto Rico, the visit to Mexico being made in connection with the fiftieth anniversary of the establishment of this mission. George W. Buckner, Jr., editor of *World Call*, spent four months in Europe on a special mission for the World Council of Churches in the interests of its publicity service. C. M. Yocum as chairman of the Africa Committee of the Foreign Missions Conference made a month's trip to the Belgian Congo.

3. One of our missionaries, Paul Kennedy, has returned to the Philippines, and ten have gotten back to the occupied area of China in which our mission is located. Plans are under way to send our first missionaries back to Japan. Nationals in all these devastated lands, many of whom were dispersed during the war, have also resumed their work though they are greatly handicapped on account of damaged and destroyed properties and lack of equipment.

4. The interchange of messages with Christians of Japan has been resumed, and we shared in sending the first deputations of American Christian leaders, and of veteran missionaries to Japan. Representatives from Japan are also beginning to come to America.

5. A gratifying degree of cooperation by the major mission boards is witnessed in all these approaches to resume Christian service in the Far East.

6. The committee on war services in the homeland has rounded out a significant record of achievements, both in the churches and communities adjacent to military mobilization centers, and also in the congested industrial areas that sprang up incident to war activities. An invaluable service has also been rendered to our chaplains and other Christian leaders serving in the armed forces around the world.

7. Evacuated Japanese Americans were followed to their concentration centers and have been aided in their return to their homes; many Japanese youth were assisted financially and otherwise in continuing their educational training.

8. Youth in all the churches have responded increasingly to the many opportunities for Christian fellowship and service with record breaking attendance in our camps and conferences.

9. Student activities are expanding as the number of students has increased, due particularly to the demobilization of servicemen thronging our colleges and universities.

10. Christian stewardship has shown gratifying increase, notably in oversubscribing the project of adult missionary organizations for the training of missionaries at home and abroad, in offerings for relief in the week of compassion and in other sacrificial gifts for world-wide rehabilitation, as well as in regular contributions for the maintenance of the work.

Crusade for a Christian World. The many challenges and opportunities for decided advance as peaceful conditions return have made it clear that larger plans must be made for undergirding the work. This same need is being felt by all the agencies that serve our brotherhood, and it is the experience also of practically all the other communions. There has consequently developed within our brotherhood "A Crusade for a Christian World" in which the United Society is actively participating. The askings of the Society in this Crusade cover essential phases of the work at home and abroad.

New Work Undertaken. It is especially gratifying to report two new stations opened in the Belgian Congo, one at Bosobele up the Ngiri River and another at Ifumo on the Momboyo River, tributaries of the Congo in whose river basin our mission in the heart of Africa is located. Also a new station has been opened at Resistancia, a city of 70,000 inhabitants in the Chaco Province of Argentina midway between our established South American missions at Buenos Aires, Argentina, and Asunción, Paraguay.

The Society has also inaugurated a new mission in the Union of South Africa. Here our brotherhood has rendered a service that has been more or less incomplete. Our group of churches in South Africa have long felt their isolation. They are greatly heartened since we have sent to them as counsellors, Mr. and Mrs. Basil Holt who were born in South Africa, but who since 1930 have resided in the United States where Mr. Holt has served our brotherhood in various ways. Mr. Holt will work primarily among the European population of South Africa, but in fellowship with other communions he will also seek to serve the native Bantu people. No choicer representatives of the American brotherhood could have been found to undertake this mission.

Resuming Service to Europe. To render a Christian service in behalf of our brotherhood to the continent of Europe is no new venture. The Foreign Christian Missionary Society for many years rendered such service particularly in Denmark and Norway. The American Christian Missionary Society in Men and Millions' days was entrusted with a special fund designated for foreign relations in contradistinction to foreign missions. This fund has recently been transferred by the American Society to the United Society, but war conditions have made it difficult for the United Society to make use of it.

As the service in Europe is resumed, plans are being made that will meet the conditions of our day. Millions of Christians in Europe are now in dire distress, consequently our churches in fellowship with other American churches have been giving most generously to European relief and rehabilitation. A further new factor of large import is the World Council of Churches that has come into being with headquarters at Geneva, Switzerland. Both to the Committee on Relief Appeals of our International Convention, and to the World Council of Churches, the United Society has in these new plans proffered such staff service as may be mutually acceptable.

Thus our brotherhood seeks renewed fellowship with the Christian forces upon a continent that plays such vital part in the life of the world.

Consolidation of Assets. Much progress has been made in the consolidation of the assets of the old boards within the United Society. All the property held by the American Christian Missionary Society has been transferred to the United Society, and all the property of the Foreign Christian Missionary Society has been so transferred except property in China and the Philippines where war conditions have made it difficult to proceed. Only properties of the Christian Woman's Board of Missions in China and Argentina and a small item in Mexico remain legally in the name of the Christian Woman's Board of Missions. Practically all that remain now in the old boards are certain annuities not yet matured, and permanent funds that will require special legal enactments for their transfer.

Changes Within the Cabinet and Board of Trustees. With the retirement of C. W. Plopper as treasurer, Francis W. Payne was elected treasurer and Paul Boardman was called as assistant treasurer. To provide leadership for the new work among laymen, H. B. Holloway was transferred from the position he had long held as office manager to become executive secretary of the department of men's work. Carroll B. Fitch was elected as Mr. Holloway's successor as office manager. Miss Dale Ellis resigned as executive secretary of the department of institutional missions and for several months Miss Hazel I. Scott served as secretary ad interim pending the appointment of Miss Verna Sutton as the head of this department, effective July 1. Mrs. H. B. Marx resigned as executive secretary in the department of missionary organizations and Miss Jessie Trout was elected as her successor. Virgil A. Sly, executive secretary in the department of financial resources was transferred to become an executive secretary in the foreign division with portfolio for Africa. C. A. Weesner was chosen acting secretary for the department of financial resources.

Changes within the staff of directors in the several departments are reported elsewhere.

With the growth of the headquarters service an increase of office facilities was found to be most necessary, and an attractive and commodious wing is being added to Missions Building of approximately eighty-seven feet by forty-two feet.

The board approved provisions affording opportunity for our headquarters staff and our workers in the field as well as our home and foreign missionaries to have appropriate leave of absence for brief periods to secure further educational training.

In the membership of the board of trustees three changes have been necessary. Hiram W. Elliott of Kansas City was chosen to fill the unexpired term of Frank Gentry occasioned by Mr. Gentry's death. With the resignation of Mrs. Ralph Love, Mrs. Eugene White of Tacoma, Washington, was chosen to be her successor, and with the resignation of Leslie R. Smith, Rhodes Thompson of Paris, Kentucky, was chosen to be his successor.

DIVISION OF FOREIGN MISSIONS

General. The year 1945 witnessed the end of the wars, the beginning of the United Nations Organization, the visitation to Japan by a group of American churchmen, a visit by E. K. Higdon to the Philippines in behalf of The United Christian Missionary Society and the Foreign Missions Conference, a visit to Congo by Virgil A. Sly, and a joint conference in Puerto Rico of all Evangelical forces there attended by Mrs. Mae Yoho Ward.* Bosobebe, a new station was opened in the Belgian Congo, as well as Los Haro in Mexico, and Resistencia in Argentina.

Within the year many missionaries home on extended furloughs as a result of the war were able to return to their work. The field staffs, while yet far below normal, are now much more adequate than for several years past. Several of our missionaries are back at work in the Yangtze valley and two missionaries are preparing to return to Japan. In the Philippines the work goes on encouragingly but much rebuilding will need to be done both there and in China.

More than ever the world is conscious of its essential oneness and of the need of a power, a fellowship to hold it together. The world mission of the church was never more vital or essential.

Africa and India Missions

India. The year 1945 brought nine new missionaries to the India Mission to help fill up the vacancies left by those who retired in the past few years.

The Annual Convention in November was accommodated on the Burgess Memorial School compound at Bilaspur. While the sessions were in progress two groups of new missionaries and returned missionaries arrived. Among the special guests were representatives of the British and Australian Churches of Christ working in India.

Educational, evangelistic and medical work progressed in each of our stations and out-stations. In Kotmi a new class in adult literacy was organized. The schools were filled to capacity. Pendra Road and Kotmi cooperated in an evangelistic camping program. Teams were sent out to outlying districts. The Government began a helpful grant of Rs. 4,000 annually for the purchase of glasses for the cataract patients in the Mungeli district. "The American Troop Carrier Ward," a new hospital ward at Takhatpur, was made possible by gifts from American soldiers stationed there.

Penicillin was used successfully in Damoh when a life was saved and many people were inspired to give money for a refrigerator to keep the drug. The new chapel at the school added much to the spiritual life. Due to shortage of staff and funds the Burgess Memorial school closed its collegiate department begun 2 years ago. Ten candidates came for the Intermediate Arts Examination. Kotah had troops stationed near and conducted English services for them. They contributed much to the new church building.

Congo. All types of work flourished in spite of staff shortage. The total church membership increased from 56,000 to 60,859. There were 1,509 baptisms at Mondombe, 745 Bolenge, 525 Wema, 461 Lotumbe, 278 Monieka, 74 Coquilhatville, Bosobebe 209. Lotumbe opened a school for deacons to learn to care for the congregations during the staff shortage. Ifumo Christians carried on alone with encouragement through the trip made during Mr. Sly's visit. Monieka evangelists worked mostly in the road camps where people were constructing roads. They now have three ordained pas-

tors who care for six big districts. Wema has 16 villages under her supervision with new church buildings. Mondombe built two new chapels and many new houses for village preachers. Wema reached the peak in offerings.

The Congo Christian Institute as usual extended its influence to all stations through its graduates. Forty-five couples, two single men and thirty-two children lived on the campus. There were eleven graduates and their wives. The press reopened and printed 41,600 pieces of literature. At Coquilhatville six graduated in the Secondary school and there were 252 students in both grades. The four schools were kept open by using Congolese leaders for the 560 pupils.

At Mondombe school applicants were turned away. There were twenty-one graduates. The women learned handicrafts and gardening in addition to the three R's. At Monieka seventy-five youths were fed in the dormitory with food they had raised in the gardens. They made 20,000 bricks for the new school and student cottages and 40,000 feet of lumbar were sawed by them.

Monieka had a new medical couple within the year. During this time Congolese nurses with the advice of lay missionaries did emergency medical work; 70,000 treatments were given at Lotumbe and 80,914 at Mondombe. The leper colonies at Lotumbe and Mondombe ministered to thousands of patients. Six nurses were trained in the hospital at Mondombe. Two medical assistants supervised by non-medical missionaries carried the work at Wema.

South Africa. Our representatives to South Africa began work by visiting Capetown, Johannesburg, Gemiston, Boksburg, Benoni, Brakpan, Durban and Natal. Young People's Conference plans were laid in three of these places. Benoni and Brakpan employed a full-time minister between them. Brakpan and Boksburg congregations moved into their new buildings.

Capetown is working on securing a minister. The South African Sentinel was published and financed and *World Call* was introduced.

Cooperation with the ecumenical movement was started by becoming members of the South African Council of Churches and the Transvaal Missionary Association. The South African Association of Disciples of Christ was perfected.

Oriental Missions

China. Chinese Christians, war weary after eight years of fighting, wanted to shift responsibility to missionary shoulders. The magnitude of the problems of relief and rehabilitation were beyond human imagination. But the annual report brought bright flashes of courage, faith and hope:

Seventy-five girls in the school at Drum Tower (Nanking); 307 boys and girls in the South Gate (Nanking) primary school; 256 boys and 175 girls in the Junior Middle School; 400 students in the primary and junior middle school in Wuhu; a primary and the first two years of a junior middle school opened in Nantung; The University of Nanking, Nanking Theological Seminary and Ginling College were packing to return home from Chengtu.

Churches, Sunday schools, dispensaries struggled toward a semblance of normal activity and service. M. Searle Bates, Edna Gish, Margaret Lawrence, Stella Tremaine, Lyrel Teagarden and Lewis Smythe had reached the field and O. J. Goulter had remained after his liberation. Twelve to fifteen other missionaries were preparing to return.

Jamaica. "The Association of Christian Churches" has thirty organized congregations, four other preaching points, ten pastors, and an average of two preaching laymen for each church. Our Mission provides twenty-

nine places of worship, eight pastors' dwellings, and six teachers' cottages. We house seven government schools and conduct three private (church) infant schools. Rev. A. A. Allan and family live in the Mission House at Lawrence Tavern.

Special features of the year were: Repair of eighteen church buildings damaged by a hurricane in August, 1944; two Ministers' conferences on "Stewardship" and "Cooperatives"; six Cooperative Societies and two Buying Clubs organized; a Young People's Conference; continued emphasis on Rural Reconstruction, contouring, dairying, and goat-raising; an increase of 189 in total Island membership; and plans for the new High School to open on January 7, 1946.

Japan. The fear that the defeat of Japan would make Christian fellowship with America impossible proved largely unfounded when the Protestant deputation from the United States reached Tokyo in October. Japanese Disciples received with joy the messages we sent by this group and gave them letters of Christian greeting to bring to us.

Since then plans have been initiated to send three missionaries to Japan by the summer of 1947 and funds were raised in the Week of Compassion for relief and rehabilitation.

By the end of the year congregations whose members had scattered during the war were reassembling. The Girls' School in Tokyo under the leadership of Dean Oda had an enrollment of 700 and the Boys' School directed by Principal Tominoga, 876 taught by a faculty of twenty-two members.

In spite of war's terrible desolation, the opportunity and challenge of Japan are probably greater than at any other time in modern history.

Philippines. Paul D. Kennedy reached Manila early in November to aid in relief and rehabilitation work. The social and economic disorganization caused by the war, the disruption of transportation and communication facilities, the physical destruction, the general moral let down, the political uncertainty, the frustration due to delay in the United States Congress in voting funds for the Philippines and in defining future trade relations, all contributed to the difficulty of his task.

But Filipino Protestants have shown resiliency of spirit, abiding faith and loyalty to Christ. The Disciples have repaired some buildings and reconstructed others where only ashes marked the pre-war sites.

The Society, at the request of a special committee of Filipinos who drew up a budget when E. K. Higdon was in Manila in September, appropriated about \$40,000 for all purposes, except the purchase of war surplus materials for which a special additional fund of \$10,000 was made available.

Latin America Missions

Argentina. There were 43 baptisms in 1945 and the new church at Resistencia ended the year with 33 members. All churches increased their contributions toward self-support and nearly trebled benevolent and missionary giving. The Young People's Society of the Belgrano Church initiated a Thomas Alexander Campbell Library of over 200 books. The Colegiales Church was host to the Leadership Training Institute and to the Laboratory Demonstration School for the Confederation of Evangelical Churches.

Colegio Ward reached an enrollment of 1093 and graduated 78. A part of the commencement exercises was the dedication of a peace monument. Building was begun on a new dormitory.

The Union Theological Seminary continued its service to pastors by holding an Institute attended by 132. Fifty-three students were enrolled in the regular course.

Mexico. The year will be remembered as a high peak in the history of the mission because of the Golden Jubilee Celebration in August. Visitors saw the different phases of the work in regular activity and the history of the past fifty years depicted in pageantry and dramatization in all stops of the tour which included Mexico City, Aguascalientes, San Luis Potosi and Palmillas.

A new station was added to the two already existing stations and is known as the Jerez Valley Station. Work was begun there 16 years ago. Today there are four organized groups for Bible study and worship, two of whom are organized churches. Four Daily Vacation Bible Schools were held in that section and an institute for women.

Hope Hospital in Aguascalientes has continued to grow until now it is a fairly well-equipped small hospital specializing on maternity cases. Colegio Ingles in San Luis Potosi had capacity enrollment and a balance on hand to start next year's work.

The training school for ministers had six boys and young men enrolled who showed promise of leadership. A home for girls from rural sections, where there are no schools, was opened in Venado.

Sr. Andrade, pastor of the Aguascalientes church, arrived in the States in June for further training and to attend the International Columbus Convention and Young People's Conferences.

Paraguay. The year 1945 brought to Colegio Internacional much inspiration because of the two weeks' visit of Dr. George P. Howard. He was also the guest speaker at the school's first baccalaureate service.

There were sixteen additions to the church but the most encouraging feature of the church work was the growth of the Sunday school. In December the Daily Vacation Bible School was held with 80 pupils enrolled and ten teachers. The closing program which presented the Christmas story was given in the church to a capacity audience.

The mission rejoices in its first Paraguayan student to the Union Seminary in Buenos Aires. In a Roman Catholic country it takes many years of living and teaching to bring youth to the decision to give their lives in definite Christian service.

Puerto Rico. There was 25 per cent increase in money raised by the local churches or an average of \$13.02 per member.

The number of servicemen touched by McLean Conference Grounds more than doubled over the preceding year. The Grounds also expanded its program for the Puerto Ricans by introducing an Intermediate Conference which proved to be the outstanding one of the year.

A Cooperative Evangelical Book Store was opened in Bayamon the geographical center of the work of the Christian churches on the Island. One of the Puerto Rican pastors is the manager.

The Disciples churches will cooperate in the support of a student pastor, an executive secretary of the Federation of Churches and in plans looking toward a great jubilee celebration in 1949.

DIVISION OF HOME MISSIONS

Resignation of Miss Dale Ellis. Miss Dale Ellis, executive secretary of the department of institutional missions since 1935, resigned December 31, 1945. Her service throughout the years was outstanding and her contribution to the home missionary cause of lasting value. Miss Hazel I. Scott, secretary of the Society, became acting secretary of the department upon Miss Ellis' resignation and rendered valuable service during the balance of the missionary year. Miss Verna Sutton of Spokane, Washington, came to the department in July, 1946, as executive secretary.

Home and State Missions Planning Council. The six standing committees of the Council met in St. Louis, Missouri, in December, 1945, and May, 1946. Discussion centered on the consideration of postwar goals and programs, plans for the publication of new materials for use in the local church were formulated and manuscripts were reviewed. Thirty state and area societies, one Canadian provincial society, the United Society and the Christian Board of Publication cooperated with the Council in its eighth year of service.

Home Missionary Personnel Recruitment. Miss Ellis served as home missionary personnel secretary until her resignation, when her responsibilities in this field were assumed by Edgar Lloyd Smith. They served as representatives of the division on the missionary personnel committee of the United Society and cooperated with the missionary personnel committee of the interdenominational Home Missions Council of North America and the Student Volunteer Movement.

Interdenominational Cooperation. The division through financial support and committee membership cooperated with the following interdenominational agencies during the year: Federal Council of Churches of Christ in America, Home Missions Council of North America, Interdenominational Council on Spanish-Speaking Work, John Milton Society and Student Volunteer Movement.

The annual meeting of the Home Missions Council was held in Buck Hill Falls, Pennsylvania, in January, 1946, and was attended by representatives of the division. Other annual meetings participated in by the division were those of the Federal Council, Inter-Mountain Conference of Evangelical Churches and the Interdenominational Council on Spanish-Speaking Work.

Japanese-American Activities. The division shared responsibility with the Committee on War Services in securing Rev. Kojiro Unoura to serve in the Los Angeles area among the Issei and Nisei returning to the West Coast following the end of the war. Willard M. Wickizer and Edgar Lloyd Smith held extensive conferences in Los Angeles with Issei, Nisei and Caucasian groups, and the end of the year saw the organization of the Issei Christian Church utilizing the same building as All People's Church. Every effort is being made to promote the integration of the Nisei into Caucasian congregations.

Church Development and Evangelism

Church Development. The department continued its service to churches in the fields of organization and administration, membership cultivation, worship and the devotional life, and fellowship, channelling guidance literature, field service and counsel to the churches as indicated in the following sections.

Church Maintenance. Throughout the year the department gave financial support to 5 churches in Canada; and 26 white churches, 3 pastoral unities and 8 Negro churches in the United States. In addition, support was given the All-Canada Committee; and 8 state and area missionary

societies and 2 Negro evangelists in the United States. Extensive surveys were made looking toward the establishment of new churches and increasing the effectiveness of existing churches in need of maintenance aid.

Plans for the establishment of a brotherhood chaplain in Rochester, Minnesota, in connection with the Mayo Clinic were formulated and the year's end saw the appointment of E. E. Lister of Creston, Iowa, to undertake this work in September, 1946.

Evangelism. Spencer P. Austin came to the Department as director of evangelism on August 1, 1945, the department having been without a full-time director since 1929. Mr. Austin's first year of service was filled with large blocks of field service to local churches, participation in interdenominational conferences on evangelism and preparation of materials.

Forrest Wyman came to the department as field evangelist in October, 1945, serving the balance of the year in Arkansas, and on January 1, 1946, becoming southwestern regional evangelist, giving special service from that date to churches in Arizona, Colorado, Nevada and South Dakota.

Two evangelistic programs for the local churches were launched: the 1945 fall section of *With Christ We Build Anew*, issued jointly with the department of religious education and Unified Promotion; and *January to Pentecost, 1946*, issued in cooperation with the department of religious education.

The department, together with the department of religious education, gave much time and study to the projection of a home evangelization project involving the employment of a full-time worker to serve in the field among in-the-church and church school members of nonchurch homes. Mrs. Chloe Kelly of Granby, Missouri, took this position in September, 1946.

The department cooperated with the department of religious education and the Northern Baptists in the holding of a Spiritual Life and Evangelistic Conference at Northern Baptist Assembly, Green Lake, Wisconsin, August 17-25, 1945.

The Ministry. Emphasis on ministerial recruitment has continued throughout the year. An effort has been made to ascertain how many of the young men enrolled in educational institutions are in training to become ministers and plans are under way to give them every possible help in attaining their goal. Helpful materials have been issued designed for the enlistment of young people in the ministry, these materials for use by pastors, other adult counsellors, recruits and possible recruits.

Town and Country Church. The department continued and increased its service in the town and country church field, providing field service, guidance and program material, in-service training counsel and support. Special emphasis was given the latter in the planning and sponsoring of town and country pastors' schools in cooperation with various state societies and the Committee on Town and Country of the Home Missions Council. Guidance and support were given the Negro institutes listed below.

New materials covering various phases of town and country church life were issued and the first of the extensive Town and Country Church Series of manuals was brought from press in the spring of 1946.

Mission Churches. Work in the Coke Mission of southwestern Pennsylvania continued at Republic under the leadership of Spencer M. Adamson and at Mather and Dry Tavern under A. Goff Bedford. The Republic church paid off its long-standing building debt.

Clyde H. Evans became field supervisor of the French-Acadian Mission and pastor of Hi Mount Church, Lake Charles, Louisiana, in October, 1945.

John Newman was transferred to the Kinder Church, Dolsey Fontenot continued at Mamou and Frank Perry at Sulphur.

Four churches were given continued support in the Mexican Mission in Texas; McAllen, under F. F. Davila, pastor; Robstown under Andres Delgado, San Antonio under Fred Vazquez and San Senit under Abel Charles.

The churches were served by able ministers and very real progress was made in spiritual and missionary interest and in church development.

Negro Work. Appropriations were made to 8 churches and 2 evangelists. In addition, scholarships were granted 6 young people from the permanent scholarship fund.

Continuing its emphasis on in-service training, the department in co-operation with the National Christian Missionary Convention held a series of pastor's institutes at Dallas, Texas; Kansas City, Missouri; Louisville, Kentucky; Goldsboro, North Carolina; Edwards, Mississippi; and Baltimore, Maryland. These institutes were attended by 119 pastors serving approximately 15,000 of our Negro brethren. In addition to administration and program responsibility, the department gave financial assistance to the delegates.

Institutional Missions

The program of the institutions progressed well during the year and in those institutions where there were returning servicemen the workers made every effort to fit them into planned program for the year.

Mexican Christian Institute, in its 33rd year of service, carried on a full program including combating disease through health clinics, furnishing wholesome reading for the young people, recreation and home visitation. During the year the kindergarten had 61 children registered and a waiting list of 41; there was conducted an immunization clinic for children each Wednesday, the well baby clinic for children from forty days of age to two years of age where the child's physical progress was checked and the mothers instructed on the care of the baby, and the maternity clinic supervised by a district nurse. The city provides the doctor and nurse for the three clinics and the Institute provides a staff member to assist in the clinic work. Jesse Ybarra the boys' worker returned from service in the army to continue his boys' work. The veterans' club composed of 31 ex-servicemen was organized and their programs centered around discussions on national issues such as labor, foreign affairs, P.P.A., etc. The Institute through its parents' forum took the initiative in the health drive of the city and 2,100 homes were visited in the interest of better child care.

Jarvis Christian College in its 34th year had an enrollment of 186 which included 17 returning veterans. There were 16 graduates, five men and eleven women.

Two new features were noted on the campus—the new cafeteria plan for meal service and the operation of the College Co-op, an organization of students and faculty members. The farmer, Mr. Berry, retired and the farm has been cared for by a student, Melcolm Wright. Early in May a hailstorm did great damage to the fruit and vegetable crops, and to the buildings on the campus.

Plans were worked out during the year looking toward the addition of a department of physical education. This fills one of the long-felt needs at Jarvis.

Southern Christian Institute had this year 38 high school graduates, 12 college graduates with a total enrollment for the school of 494, the largest the school has ever had; 51 veterans were in school this year. In the summer school which opened early in June there were 86 enrolled, an increase

of 56 over last year. At the request of the State Department of Education and the State Board of Health the summer school conducted a special "Health Workshop" cared for by 19 teachers carefully chosen by their County Superintendents who spend five hours a day for the 6 weeks working on a health program for the area.

At the meeting of the American Association of Junior Colleges this year S. C. I. was given recognition as the oldest Junior College for Negroes in America.

The farm repeated its winning of honors for livestock.

All People's Christian Church and Community Center's program of clinics, clubs, home visitation, etc., grew rapidly during the year. The division statement carries a word regarding the integration of the returning Issei and Nisei in the program. The All People's Christian Church was organized with forty-three members and its membership includes Mexican, Chinese, American, etc., truly representative of all peoples. Mr. Robert Kodama, a Nisei, was employed to care for youth activities and the community center program. As the activities of All People's increase the program becomes better established and knowledge of and interest in it among the people of Southern California is increasing rapidly.

Cathedral Films created a film for the Society based on the story of All People's Church and Community Center entitled, "For All Peoples." This film will do much to emphasize the value of home missions for young people of other races in our country.

Yakima Indian Christian Mission. Sixteen boys and twenty-one girls, ranging from six to eighteen years of age, were in the boarding home during the year. They were given practical training in home and farm industry, cultivation of health habits and such recreational activities as hiking, roller skating, swimming, and 4 H gardening and practice cooking were also conducted. One night each week was set aside for study and library facilities provided reading for the various age groups. Religious instruction was given through Sunday morning service, Christian Endeavor groups, chapel programs twice a week and Bible study classes. The welfare children were clothed through gifts from outside sources, principally church groups and through funds from the Children's Division of the State of Washington's department of social security, which illustrated the deep interest of the people of that area in the Mission.

It was impossible during the year to secure the farmer so long needed and this added greatly to the already overworked staff.

Social Welfare

Commission on World Order. Under the chairmanship of Dr. Roger T. Nooe, the Commission held four meetings during the year at which plans advisory to the department were laid for keeping our churches related to developments in the field of world order. A number of seminars were conducted in college and university centers. Materials and leadership were provided for young people's and adult conferences, for pastors' retreats and for district and state conventions. Series of local church conferences were held in Ohio, Missouri, Texas and California. Through the courtesy of the U. S. Department of State 5,000 copies each of the United Nations Charter and the Lilienthal Report on control of atomic energy were supplied to pastors and church leaders. Materials for observance of World Order Sunday and other materials provided by the Commission on a Just and Durable Peace were made available to the churches. Approximately 30,000 copies of Mr. Hunter's study guide, "The Church, the Nations and World Peace,"

were distributed. Ten thousand copies of "Your Last Chance," a reprint of an article from *Look* magazine, were placed in the hands of church leaders.

Race Relations. Materials for Race Relations Sunday were mailed to pastors. The department shared in a number of conferences and "clinics" on race relations devoted to a study of causes of interracial tensions in local communities.

Committee on Conscientious Objectors. After nearly five years of service the committee reported to the board of trustees on June 18, 1946, and asked to be discharged as having completed its task. This request was granted and further matters relating to the work of the committee were referred to the department. Most of our men have now been discharged from Civilian Public Service. The committee reported that sufficient designated funds had been received to meet all costs for our men in camps and units of other religious bodies, so far as statements have been presented. Total designated gifts received, \$48,805.40. Total disbursements, \$45,895.46, leaving a balance on hand of \$2,909.94, plus certain other gifts not yet received which will bring total receipts to more than \$50,000. The board of trustees voted to thank the committee for its services and to authorize publication of a complete report of its activities.

Committee on Ministerial Exemption. The purpose of this committee is to certify on behalf of the International Convention students for the ministry who seek exemption from Selective Service as theological students. Friendly relations have been established with national headquarters of Selective Service and certification has been provided in cooperation with authorities of our seminaries and schools where the individual has complied with regulations.

Material Aid Program. The need for food, clothing, and hospital supplies in war-ravaged lands has resulted in making the department responsible for this phase of the Society's work. In cooperation with other departments a Service Gift leaflet descriptive of needs at home and abroad is published. Counsel and advice are given to churches relative to material aid gifts. Through Church World Service, shipments of clothing, shoes, bedding, and hospital supplies have been made to the Philippines, Puerto Rico, Poland and other parts of Europe. Some 8,000 letters were mailed to churches urging cooperation with C.A.R.E. in providing food packages for European relief. Incomplete tabulations indicate that our churches are rendering a major humanitarian and spiritual service through the giving of material aid.

Temperance. In addition to temperance education materials provided, cooperation is maintained with the Yale School of Alcohol Studies. Fellowships have been provided for Forrest L. Richeson, of Minneapolis, Minnesota, John E. Nelson, of Clarksburg, West Virginia, Robert Lewis, of Indianapolis, Indiana, and J. David Kidwell, of Union City, Tennessee.

Migrant and Extension Work. William K. Fox, Jr., serves as community extension worker at Southern Christian Institute under joint support with the Home Missions Council, providing in-service training for Negro ministers and extension service for Negro rural churches in Mississippi. In the summer of 1945 the department, in cooperation with the Home Missions Council, supported A. C. Cuppy, Jr., Miss Lois Strong and David Rocha as workers among agricultural migrants in Arkansas, Minnesota, and Michigan.

Livingston Academy. Under the leadership of Principal Ralph Prather, Livingston Academy had an enrollment of 375 during the year, the largest in the school's history. A new youth center has been equipped at a cost of

\$1,000 provided by the citizens of the community. A new heating system has been installed and the interior walls and exterior cornices and wood-work have been painted. The enrollment in Bible classes is the largest in the Academy's history.

Livingston Church. Closely associated with the Academy, the church has been without a resident minister since Mr. and Mrs. William D. Hall left for India. During the past year Mr. and Mrs. J. Garland Farmer, missionaries-in-training for Puerto Rico, have given appreciated week-end service in connection with their studies at Vanderbilt School of Religion.

Hazel Green Academy. With 120 students enrolled, Hazel Green Academy has also had its greatest year. The high school curriculum has re-organized to conform to requirements of the state board of education. The library had been enlarged by the purchase of additional volumes and equipment, the establishment of a children's library, and the services of a full-time librarian. The science laboratory has been enlarged and new equipment purchased. Miss Katherine Schutze, on leave from China, is serving as director of public relations with effective results. Pearre Hall, the oldest building on the campus, has been completely overhauled. A cannery, a modern sanitary milk barn and milk house are new units of construction. The "Jot 'Em Down Store" renders a needed service by providing used clothing for the people of the mountain area and as a source of additional income for the school. The farm, under the management of James I. Hollon, Jr., provides otherwise unobtainable foodstuffs, helps to train students in practical agriculture and brings a cash return to the school. A summer work camp is conducted in cooperation with the American Friends Service Committee and the University of Chicago Laboratory High School.

Hazel Green Church. The church has been without a resident pastor for the past year and Byron Spice, missionary-in-training at the College of the Bible, has rendered much appreciated week-end service. A new parsonage is under construction in preparation for a resident pastor.

Social Education Days. Special days of social education observance are Race Relations Sunday, Freedom and Democracy Sunday (the first Sunday in July), Labor Sunday, World Temperance Sunday, and World Order Sunday.

DIVISION OF CHRISTIAN EDUCATION

Joint Evangelism-Education Emphases. For the second successive year the division joined with the State and Home Missions Planning Council in planning, and with the department of church development and evangelism in promoting, a joint program of evangelism-education under the general theme, "With Christ We Build Anew."

Christian Youth Fellowship. The second annual meeting of the International CYF Commission was held at Winona Lake, Indiana, on October 27-29, 1945. Over 120 young people and adult leaders attended representing 26 convention areas of our brotherhood in the United States and Canada. The emphases of our youth program for the year 1946-47 were outlined under the theme, "Lord, We Are Able." This theme was chosen as a follow-up of the theme for 1945-46, "We Must Be the World We Want." The Commission set up a goal of \$75,000.00 for the Christian World Friendship Fund for 1946-47. Plans were made for developing "prayer cells" within local church youth groups, for continuing the "Sharing the Christ Way" evangelistic emphasis and for studying the ecumenical movement. These new youth officers were elected for the coming year: President, James A.

Farrar of Dallas, Texas; Associate President, Adelle Ringstrom of Seattle, Washington; and Secretary, Ruth Campbell of Blenheim, Ontario, Canada.

During the summer of 1946, ten especially chosen young people participated in a new plan of service called the "CYF Caravan." The young people served in teams of 3 or 4 and spent a week in each of 5 churches, witnessing in word and life to the Christian faith and helping to revitalize and strengthen the work of the church particularly the youth program.

In July, 1946, the third meeting of the International CYF Commission was held at Bethany Hills, Tennessee, near Nashville. There were 97 delegates, 33 of whom were adults and 64 young people. They represented 24 convention areas of the United States and Canada. The Commission planned the youth program emphases for 1947-48 under the theme, "Together We Witness for Christ."

Children's Workers. During 1945-46, 6 state directors of children's work were added to the field staff of the division: Mrs. Robert Nester, Oklahoma; Mrs. Idalene M. Raab, Northern California; Mrs. Merle Jordan Moore, Washington-North Idaho; Mrs. Paul Campbell, Texas, Miss Mabel Metze, Chesapeake Area and Miss Carrie Dee Hancock, Iowa-North Dakota. The addition of these workers is an important step forward. The few months that they have been in service have already demonstrated their worth to the Christian education program of our churches.

Religious Education

Children's Work. Six Junior Camps were scheduled for the summer of 1946. The number of laboratory schools has increased from 16 last year to 24 this year. In addition, our leaders served as supervisors or instructors in several interdenominational schools which were attended by workers from our churches.

Vacation Schools. Early reports indicate a 15% to 20% increase in the number of vacation schools. It is estimated that our churches conducted or participated in some 1,500 vacation schools enrolling upwards of 110,000 children. About half of these schools were interdenominational.

Intermediate Work. A consultatory conference of intermediate workers was held in February, 1946. Plans were made for developing the objectives and principles of work with intermediates in the local church. In the summer of 1946, 104 intermediate camps were scheduled as compared with 96 the year before. A new curriculum for intermediate camps was used first in 1946. The intermediate work director conducted 8 camp directors' conferences in May in different sections of the United States in which he reached the leaders of nearly all of the camps.

Young People's Work. One hundred twenty-four young people's summer conferences were scheduled in 1946, the largest in the 27-year history of this movement. The curriculum was completely revised for the first time since 1937. Advanced youth conferences were held in 2 or 3 centers to provide advanced leadership training for older young people and conference graduates.

Student Work. During the first eight months of the new national student work director's service, he visited more than 50 college campuses and conferred with representatives of 40 others. There is an increasing interest in improving the religious program for our students. The large number of veterans who are flocking to the college campus is making the situation more acute. Plans are being developed for making the church's influence more effective in the lives of those receiving their higher educational training. A conference of university pastors and student workers was held at Crystal Beach, Michigan, in the summer of 1946, the first such conference for Disciple campus leaders in about 7 years.

Adelle Ringstrom, a freshman at the University of Washington and a member of the University Church in Seattle, was chosen as one of the 15 delegates of the United States to a meeting of the General Committee of the World Student Christian Federation in Geneva, Switzerland, in August, 1946. She is attending other conferences while in Europe and upon her return will take three months' itinerary to colleges and universities to report her experiences and observations.

Bible Chairs. The Department continued to maintain 4 Bible Chairs at these student centers: University of Virginia; University of Kansas; University of Texas and University of Michigan. Paul G. Wassenich succeeded Frank L. Jewett as head of the Texas Bible Chair. Mr. Jewett completed an outstanding 41-year ministry to the students of the University of Texas.

Adult Work. A new adult program guide was developed and issued for use by the local church leaders for 1946-47. With the returning of the servicemen, there has been an increased emphasis on effective work with young adults in the local church.

Christian Family Life. The 10 folders on "Ten Important Phases of Christian Family Life" prepared by C. B. Tupper, Springfield, Illinois, were widely used by the churches in 1946; so also were new reading lists for the home. Reports indicate that there was a decided increase in the observance of Family Week in the local church program.

Educational Administration. The director of educational administration wrote the new Church Program Planning Manual on Christian Education. He has also provided monthly suggestions for Sunday school superintendents through the columns of the *Bethany Church School Guide*. With Mr. Glenn McRae he is writing a manual for Sunday school superintendents, chapters of which have appeared monthly in the *Guide*. He has also observed and participated in the Church School Enlargement Programs as conducted by the Northern Baptists and has led our staff in adapting this procedure for use among our churches. This same type of program is also being used for the interdenominational National Christian Teaching Missions.

Leadership Education. Our director of leadership education has estimated that some 20 to 25 thousand church leaders are receiving training of one type or another each year. The following are figures and estimates for the past year:

Credits issued in our leadership classes and schools -----	1,000
Credits issued in interdenominational classes and schools -----	1,844
Student teachers in laboratory training schools -----	1,000
Adult leaders in intermediate camps -----	600
Young People's Conference students -----	12,000
Adult leaders in young people's conferences -----	1,500
Coaching conferences for intermediate camps -----	100
Coaching conferences for laboratory training schools -----	60
Total -----	18,104

The above does not include statistics for Youth Fellowship Meets, Schools of Missions, Retreats and Workers' Conferences.

The leadership education director has spent considerable time visiting local churches, helping them to analyze their program and to find adequate means to improve it. She has also counseled with each new field staff member, helping them to become acquainted with their new duties and relationships and to plan an effective field program.

Staff Changes. J. D. Montgomery was named National Director of Adult Work and Christian Family Life after an ad interim service of about 1½ years.

Mrs. Marjorie Cushing became part-time director for Arizona. Lester Bickford served as ad interim director for Arkansas until September 1

when Woodrow L. Hodges became acting director. Mrs. J. H. Schuler has served on a part-time basis for Louisiana. Clinton P. Campbell is the new director for Northern California. Doyle Sumner became assistant director to Raymond Baldwin in Kansas. Morris Pullin succeeded George H. Wilson as the Missouri director. Thomas P. Inabinett, who had been serving as secretary-director for South Carolina, became the full-time director for North and South Carolina. Cecil Jarman had resigned as director for North Carolina. George D. West became secretary-director of Tennessee, succeeding W. P. Harman. A. C. Cuppy succeeds Harvey Wilfred as Youth Work Director of Oklahoma. Herald B. Monroe is now the secretary-director of Ohio with Herman Patton as associate secretary-director.

Interdenominational Relationships. The department has continued its participation in the International Council of Religious Education. Our national staff are all active members of the various committees of the Council. Mr. Ross is chairman of the committee on church school administration. At the annual meeting of the Council in 1946 the Revised Standard Version of the New Testament was officially released. Our field staff are also active in the respective state interdenominational religious education programs. The cooperative work of the churches is gradually becoming stronger.

Missionary Education

Missionary education programs in our churches during the past year have been based for the most part upon the current study themes adopted interdenominationally: "The Church Among Uprooted Americans" and "Africa." Of particular timeliness was the study of the problems incident to the physical and psychological uprooting of millions of Americans during the war days and the ministry demanded of the church for their integration into satisfactory home, church, and community life. This became a study of intimate concern to the entire constituency, since few persons escaped the uprooting process in some form or another.

The story of Africa and the missionary work of the church, of the accomplishments and the needs in our Congo field, has always been of the keenest interest to our people. The current study has revealed that its challenge but grows with the years.

On both these themes the department has furnished the usual range of study and program materials for the various age groups: program and discussion packets for adults; study and reading books, leader's guides, and other materials for all ages published cooperatively through the Missionary Education Movement; two new pamphlets in the "Disciples of Christ" series: *Disciples of Christ and Uprooted Americans* by Georgia Becker and *Disciples of Christ in Africa* by Virginia M. Clarke; units of study for junior high and older young people in *Fellowship*, program quarterly of the CYF, and for juniors in *Junior World*; a revision of the Africa Biography Set in pamphlet form, *They Went to Africa*; worship and program helps in *World Call*, *Guideposts for Service*, and other publications.

In connection with the Africa study the department sponsored the publication of the book, *Sila, Son of Congo*, by Goldie Ruth Wells of our Africa missionary staff. This interpretation of the work of our Congo Mission, attractively told in story form, has been a most popular addition to our missionary literature.

Other materials issued during the year included new syllabi for young people's conferences; Youth Meet discussion and program guidance on the theme, "The World God Wants in Africa"; the annual reading list, *Toward World Christianity*, with a special reprint of the children's book section; a Woman's Day play, *Listen, America!* by Maude Taylor Sarvis, and helps for Woman's Day speakers; Easter Week of Prayer services on the theme, "Peace Through the Cross," by Mrs. Harold F. Humbert; and other miscellaneous items. Missionary units have been provided for the Bethany Graded Lesson series published by the Christian Board of Publication.

During the spring of 1946 materials have been projected and in part published on the study themes for 1946-47, "The Christian and Race" and "India." Another booklet of general programs for adults has been issued, *In Times Like These, Series IV*. This series is widely used by women's councils and by some men's and mixed groups.

The department has given general field service through the field and national staffs in conventions, institutes, conferences, board and commission meetings, laboratory schools, and schools of missions. Members of the staff have participated in the planning and administration of the entire program of the Division of Christian Education and in the work of the Curriculum Committee. National staff members have carried the usual responsibility for the extensive publication schedule of the Missionary Education Movement, and have participated in the work of various committees of the International Council of Religious Education.

On August 15, 1945, Miss Mareta Smoot came to the department as director of young people's work and has rendered valuable service in this important phase of the work.

Missionary Organizations

Missionary organizations (which also includes Women's Councils) closed the missionary year June, 1946, with 4,932 organizations including adults, young people and children. "With Christ We Build Anew" was taken as a motto by organizations—local, state and national—and all cooperated in an earnest effort to make their "building" Christ-centered.

With the resignation of Mrs. H. B. Marx on December 31, 1945, the department lost a capable and devoted leader. For five years Mrs. Marx gave wholeheartedly of her exceptional talent to the work of missionary organizations and the results are seen in the successful national project, the enlargement of the national staff and a general increase of knowledge and devotion to the missionary causes. Jessie M. Trout was elected to succeed her and came to the office on January 1, 1946.

Special emphasis was placed on missionary education for the total church in the promotion of schools of missions, classes and special day observances, both brotherhood and interdenominational. In cooperation with the department of social welfare, service gift projects were promoted for all age groups. Almost all foreign projects were for relief and rehabilitation for war sufferers and the home projects were for our own home mission institutions. A special project, which met with a most generous response, was the sending of packages to the Philippine Islands. There are no means by which we can know the total number of gift boxes sent because many groups sent directly but 115 large wooden crates were assembled and forwarded from Missions Building.

As a part of the division of Christian education, national and state staffs have cooperated in the planning and administering of the total program of Christian education. This has included participation in planning, promoting and conducting adult and youth conferences and pioneer camps. Through representation upon administrative and planning boards and committees, the staffs have assisted in developing and promoting the promotional program of the Society, and of the brotherhood through Unified Promotion.

At the close of the missionary year, June, 1946, there were 4,221 missionary organizations with a membership of 165,475 including adults, young people and children. These groups contributed in regular offerings \$691,243.51. Special gifts amounted to \$37,145.68. One thousand forty-seven schools of missions and mission study classes were reported. Woman's Day was observed in 2,205 groups; 1,662 observed Easter Week of Prayer.

The department has shared cooperatively in plans and materials for the International Christian Youth Fellowship, and has also administered the Christian World Friendship Fund which has contributed significantly to the interest of young people in mission study and support, and Youth Meets which have grown in number and effectiveness. The resignation of Miss Kathleen Shannon, which took effect on January 1, left the work without adequate leadership. Her successor, Miss Jane Ellen Miller of Indianapolis, Ind., came to her office on August 15, 1946.

Through the services of Mrs. C. T. Harness, Director of Children's Work, special emphasis has been placed on guidance to the field staff and state and district children's committees in the enlistment of children in systematic and planned missionary study and giving. The Children's Definite Object of Giving, relating to the Children's giving and study, included money and service gifts for our home mission stations and money gifts for Africa.

Although the department did not promote any specific movement such as the successful National Project of 1943-45, emphasis was laid on the necessity of continued support for the new missionaries trained in the National project. The increase in offerings for this year is designated for these new workers.

Changes in field personnel are as follows:

Mrs. O. B. Atwood succeeded Mrs. Lloyd Black as secretary of the District of Columbia; Mrs. Arthur M. Depew succeeded Mrs. P. D. Snipes in Florida; Mrs. C. H. Myers succeeded Mrs. H. M. Doolen in Montana; Mrs. Iva M. Rau succeeded Mrs. Allen Stanger in Virginia; Mrs. Paul Stuart succeeded Mrs. G. R. Harsh, Sr., in Alabama. Mrs. Jennie M. Curiston retired from the secretaryship in Canada and the work is being carried regionally by Mrs. W. J. Davis, Saskatoon, Saskatchewan; Mrs. H. B. Kilgour, Toronto, Ontario; Mrs. Leith Wright, Charlottetown, Prince Edward Island.

Financial Resources

The churches of the brotherhood have created great programs of Christian service to be administered through The United Christian Missionary Society. These programs have provided avenues whereby the church, its organizations, and individual members may extend the outreach of the gospel of Christ both at home and abroad.

The United Christian Missionary Society is a board of missions and education and serves in three great areas of Christian interest: world missions, home missions, and Christian education. These services were established by the churches in order that their people might have adequate means of expressing their concept of a broad ministry of the gospel of Christ throughout the world.

The department of financial resources is the contact department of the United Society. Its responsibility is to keep the churches informed as to the progress of the work that they have established, and as to the needs of this ever growing vital Kingdom task. It becomes, therefore, the responsibility of the department of financial resources to see that the program and the needs of the Society are continually presented to the people of the churches, in order that they may be intelligently informed and that their interest in the work may be expressed.

As a part of its promotional responsibility, the department of financial resources brings a summary report of the resources secured which make possible the sustained program of the Society as it renders its service for the brotherhood. The report of offerings received during the missionary year from July 1, 1945, to June 30, 1946, is as follows:

From promotional sources, general funds	\$1,433,850.94
From promotional sources, special funds	298,827.22
Annuities	142,494.66
Bequests	27,329.70
Field receipts (home and foreign)	411,309.14
Misc. receipts (general and special funds)	377,291.03
Total receipts to the United Society	<u>\$2,691,102.69</u>

Field receipts are made up of offerings from mission churches, home and foreign, and fees from schools, hospitals, and other institutions. These receipts are administered directly in the phases of work where raised. Miscellaneous receipts are those from permanent funds, from the old missionary boards, literature, etc.

The gain in promotional receipts applying on budget is an evident testimony to the concern of our churches, groups, and individuals for the pattern of Christian service as administered by the Society. The gain for last year was \$87,860.31, or 6.52 per cent, and represents an increase beyond the substantial gains of the past several years. Total receipts for the year established a new high since the organization of the Society. Annuities showed a gain of more than \$36,000, and bequests a gain of more than \$7,000.

The work of the department is carried on through the following sections:

Field Service: The staff of the Society is directed in visiting the churches and organizations to present the work of the Society. This includes the dating of all the staff, as well as the foreign missionaries when they are home on furlough, in any local church contact that has as its objective the presentation of the general work of the Society. The heavy scheduling of the staff occurs in furnishing personnel for Unified Promotion in state and

district conventions, for such special occasions as Woman's Day, in series of conferences such as young people's conferences, adult conferences, etc.

Individuals, Wills, and Annuities: Continually approach is made to interested individuals and organizations for the support of definite work within the program of the Society. Communications are sent at least twice a year to an active list of individual contributors. Literature is prepared which explains and promotes special interests in which they may participate. Also personal and mail approach is made in behalf of wills and annuities. Advertising is carried in brotherhood papers on these interests, and the field staff of the department has as an assigned responsibility the contact and solicitation of individual gifts, wills, and annuities.

Living Links and Definite Objects: Because people are interested in the personal approach to the support of missionary and educational work, the department provides means whereby churches and organizations may assume the support of missionary personnel, both at home and abroad, as living links. In addition, the budgets of the various fields are broken down into attractive objects of support which may be assumed by those interested.

Publicity: The Society endeavors to present facts concerning its regular work and special needs through brotherhood papers, the secular press, booklets, leaflets, and other materials. A weekly bulletin material is prepared to which churches and organizations may subscribe. Publicity material is also provided on each individual member of the staff. A file of pictures is maintained on the personnel of the Society, and on the work both at home and abroad.

Visual Aids: Through this relatively new section of the work of the department, a very definite service is being rendered to the churches and organizations by providing visual aids for their presentation of the work of the Society. These aids include stereopticon slides, silent and sound motion pictures, recordings for radio and church use, the development of a comprehensive file of still pictures for the use of the interests of the Society.

Remittances: Careful reply is made to each gift received from churches, organizations, and individuals, and a receipt is mailed in acknowledgment.

Special Efforts: To the department there is assigned responsibility in caring for special emergency financial needs of the Society such as the rehabilitation of the China Mission, the building of a new dormitory at some institution, or emergency calls from disaster affecting some phase of the work.

The department has cooperated heartily with Unified Promotion and other agencies in preparation for "A Crusade for a Christian World." A large portion of the time of the staff has been devoted to this cause.

Staff: Through the use of special workers who are employed to carry forward the cultivation of the field in behalf of the work, the Society is able by personal contact to interest churches, organizations, and individuals in the problems and the needs that confront the Society, and to win their interest and support.

During the past two years, the department has been carrying forward its task through the various sections as outlined above. In addition, it has carried its full responsibility as a participating agency in Unified Promotion. Its staff has shared in the preliminary planning with the committee of twenty-five in the preparation for the Crusade for a Christian World. Through its cooperative outreach and its intensive personal approach, the Society, with other brotherhood agencies, has enjoyed continued interest

on the part of the brotherhood and its resources have enabled it during these years to meet a large number of desperately needy situations.

Upon the recommendation of the department of Africa and India missions and by action of the trustees of the Society, Mr. Virgil A. Sly, executive secretary of the department of financial resources made a secretarial visit to Belgian Congo. Mr. Sly sailed from New York on May 16, 1945, and returned to the United States November 22.

Men's Work

In inaugurating a national laymen's program the executive secretary made a personal visitation to the laymen's headquarters of thirteen of the major religious bodies of America to learn what was being done in laymen's work by each of such groups.

Following such investigation conferences were had with the officers of our various state laymen's organizations.

Subsequently a National Laymen's Advisory Commission was organized with twenty-two laymen throughout the nation members of such commission. The commission held its first meeting in Indianapolis, January 8 and 9, 1946, and elected the following officers: Chairman, W. F. O'Connor, Seattle, Washington; Vice-Chairman, A. C. Ragsdale, Columbia, Missouri; Secretary, H. B. Holloway, Indianapolis, Indiana.

As the result of careful consideration by the National Laymen's Advisory Commission adoption of general objectives for the national laymen's league of the Christian Church, a suggested constitution for both state and local laymen's organizations and a suggested list of activities and projects for laymen have been formulated.

The first major emphasis being suggested for laymen throughout the country for 1946 is that of "Lay Evangelism" and three pieces of literature to implement such emphasis have been issued.

To meet the requirements of local laymen's groups for program material for monthly meetings of men, a booklet containing resource material dealing with general topics as outlined for the months of June to December, 1946 (omitting July and August, vacation months), has been issued and made available to existing laymen's groups.

The organization of state laymen's organizations in states where such organization does not now exist has been given attention resulting in the organization of state laymen's leagues in the following states: Virginia, Iowa, Michigan, Indiana, Ohio.

We have been assured by interested groups that Tennessee, Illinois, and New York will also soon take necessary steps to effect a state laymen's league in each of such states.

The National Laymen's Advisory Commission has chosen *The Christian-Evangelist* as the national medium for the dissemination of news regarding laymen's activities and the issue of June 26 carried the first release. *The Christian-Evangelist* has agreed to make a special rate for laymen of \$1.00 per annum provided the subscribers in the club are from one congregation, subscriptions are sent in at the same time and are made to expire at the same time.

In the meantime the organization of laymen's leagues in the local churches has been proceeding with all possible dispatch and with the co-operation of the laymen and ministers it is expected that a large number of our churches will soon have a laymen's league functioning in such a

way that the total man power of the local congregation will be mobilized, utilized and inspired to become more effective in the work of Christ and the Kingdom.

Service

Back of the activity of all of the departments of The United Christian Missionary Society is found the work of the men and women of the service department. They operate the headquarters building and that which is in it. These folks do many necessary things: they keep the records, wrap the packages, man the printing presses and duplicators, keep the files, operate the typewriters and translate the spoken word into the printed message.

Involved in the business of the Society is the personality of many people. Theirs indeed is an important if seldom glorified task.

The volume of work in the service department has grown greatly but its number of employees has increased slowly. The sixty-four persons who make up the office personnel include many people who have had fifteen, twenty, and twenty-five years of service with the Society. Through the war years when other employees have come and gone, they remained faithful and made it possible for the service department to carry its heavy work load.

The sale of missionary literature through the sales literature section continues to be an important activity of the department. Its volume of business continues to grow from year to year.

The service department, through the efforts of Mr. H. B. Holloway who served as its head for twenty-four years until July 1, 1945, when he assumed leadership of department of men's work, has been developed into an efficient organization. Its methods and equipment are timesaving. Many thousands of dollars are saved every year through the use of centralized services to all departments that he introduced.

The department's services are many, its problems multiple, but its purpose to serve the Society and its staff remains paramount.

Committee on War Services

Willard M. Wickizer, Executive Secretary, Indianapolis, Indiana

(For complete directory of this committee see page 134.)

Staff. Through the year the committee on war services was served by Willard M. Wickizer, executive secretary; Edgar Lloyd Smith, field executive for camp communities, university campus service and the chaplaincy; Howard R. Dungan, field executive for war industrial communities; and James Sugioka, supervisor of Japanese-American services. Mrs. Greta Brown and Mrs. Mary A. Foster served in the field until January 1, 1946.

Camp Communities. Millions of veterans returning from the various war theatres fairly swamped all religious service centers along both coasts and the Gulf, and demobilization centers inland increased the number of veterans needing the church's ministry in many of the camp communities. The committee carried 30 camp community appropriations during the year and its staff visited 50 communities.

Interdenominational Services. In addition to giving financial support to a number of interdenominational projects in camp and industrial communities, the committee cooperated with and gave financial support to the following agencies interested in war services: the General Commission on Army and Navy Chaplains, the Service Men's Christian League, the Committee on Resettlement of Japanese Americans and the National Japanese-American Student Relocation Council.

Japanese-American Services. The staff, together with the division of home missions of The United Christian Missionary Society, consistently visited areas in which Japanese Americans were congregated, helped them secure homes as they resettled and aided them with religious services. James Sugioka supervised this work, assisted by Eizo Sakamoto and Kojiro Unoura in the Rocky Ford, Colorado, and Southern California areas.

Eighteen students were granted college tuition scholarships.

Service to Chaplains. During the year some 300 Disciples of Christ chaplains were separated from the service. Of these approximately 200 reentered civilian pastorates and 100 enrolled in seminaries or were transferred to the Veteran's Hospital Service. Approximately 130 remained in active service. Throughout the year the committee distributed to those men in active service communion kits and emblems, pamphlets, periodicals, books, a bi-monthly news bulletin and other supplies.

New Services. The end of the war, instead of decreasing the services of the committee, resulted in increasing the calls made upon it for assistance.

Reconversion brought new responsibilities to the committee in the return of hundreds of chaplains and the need for channeling them back into civilian ministries, other phases of military and semi-military chaplaincies and seminaries for refresher courses.

The return of millions of veterans and their subsequent enrollment in colleges and universities has called for a specialized service to veterans on university campuses, and near the close of the year the committee made a sizeable appropriation covering this service for a three-year period.

All-Canada Committee

O. W. McCully, General Secretary

(For complete directory of this committee see page 149.)

The year 1945-46 has brought challenges, opportunities and progress to the Churches of Christ in Canada. With the end of the war, returning servicemen, general upheaval and frustration, the message of the church is needed more than ever before.

There has been a definite increase in the concern of the churches to spread the "Good News," both at home and abroad. Evangelism in all its forms is more popular and effective. Several "Schools of Evangelism," led by Dr. Lin D. Cartwright, were very helpful in this phase of church work.

The Canadian Disciple continues to increase its service to our churches across Canada. The editor, Miss Grace M. Lediard, is keenly aware of the greatness of the Christian message for the days in which we live.

Ministers and members of the churches are realizing anew the necessity of better education in every area of church life. A committee on Education has been set up and gives promise of real service in this field.

Inter-church work in Canada has made definite forward steps during this year. The Canadian Council of Churches is becoming better established. A Canadian Overseas Mission Council has been organized. The Inter-Church Committee on Protestant and Roman Catholic relations is active and will render a great service to the Protestant cause in this country. We are carrying our full share of responsibility in these councils and committees.

The problem of ministerial supply is still one of our most serious difficulties. There has, however, been a slight improvement in this area. E. Lyle Harvey has come to the pulpit at Home Street, Winnipeg, from a period of service as Chaplain in the U. S. Army. W. L. Outhouse has accepted a call to Coburg Street Church in Saint John, N. B. For several years he served with the Canadian Legion War Services. Donald E. Pratt of Winnipeg, Man., began his ministry with the church at Owen Sound on May 1. We have several fine young men in school who will give good leadership in the next few years.

The returning servicemen have provided new life and vision in many of the congregations—especially where they kept in close contact with the men during the war years.

The churches in Canada have been thrilled to see our young missionaries reaching their fields of service—Dr. and Mrs. A. G. Henderson to Africa and Dr. Dorothea and Miss Wilhelmina Macdougall to India. Miss Jessie Law and Miss Margaret Stainton are preparing for work in Latin America. We are encouraged by the number of young men and women who are responding to the call for full-time Christian service.

During the last year we have suffered several severe losses in our leadership. The very sudden death of Mr. Ralph W. Pugh, Chairman of the All-Canada Committee, has left a vacancy that will be most difficult to fill. After many years of devoted service, first as Office Secretary and later as W.M.S. Field Worker, Mrs. J. M. Curiston was forced to give up her work because of poor health. Also, during the year we were very sorry to lose the most efficient services of our Office Secretary, Miss Patricia Nugent. These leaders have each given outstanding leadership to the life of the Brotherhood in Canada.

Under the direction of the Stewardship Committee, "Undergird the Victory" was the slogan used to appeal to our people for an additional amount of \$10,000.00 to be raised this year to help meet a few of the opportunities and needs of the church. The money was divided three ways—fifteen per cent through the World Council of Churches to help rehabilitate the evangelical church life of Europe, thirty-five per cent to our mission work in Asia and fifty per cent to strengthen and advance our work in Canada. In Ontario this project was joined with the current budget and presented as a "United Appeal." This report is being written before the end of the year, but the prospects are bright for the success of the project in every way. The response of the people have been an inspiration to all those who have shared in the presentation of the appeal. The current receipts for the work may be slightly reduced in some instances because of the special fund but, generally speaking, the support of our cooperative work has been very gratifying. We are proving to ourselves that we can do many things together that would be quite impossible as individuals or as separate congregations.

Young People's work is experiencing a revival in many areas. Camps, Conferences and Conventions have been better attended. The future is bright where young people have adequate leadership. An All-Canada Young People's Committee, organized during the year, is beginning to meet a real need.

The days ahead will be confusing and complex in many ways. We, who are followers of the Christ, must give our best for His Kingdom if people everywhere are to be saved. We must face all the problems that follow in the wake of war and go on to greater victories for Christ and His Church.

JOHN 3:16

"For God so loved the world, that
he gave his only begotten Son, that
whosoever believeth in him should
not perish, but have everlasting life"

The Annual Report of institutions affiliated with the Board of Higher Education for the year closing June 30, 1946, appears on page 77. Figures show decided gains over last year in all items bearing on their permanent service to the churches and to the other institutions in contemporary society. An increase in enrollment, amounting to 4,650 students, indicates not only the matriculation of G.I.'s but also the continuing confidence of the public in our institutions of higher learning. Ministerial students outnumber those of last year by 383. The increase is in both the undergraduate and graduate fields. Despite the large registration of veterans the percentage of ministerial students has decreased by slightly less than one per cent.

TOTAL ENROLLMENT AND MINISTERIAL STUDENTS

	1928	1944	1945	1946
Number of Institutions	25	24	25	25
Number of Students	11,807	8,523	9,470	14,120
Ministerial Students	1,062	875	1,016	1,409
Per Cent Ministerial	8.9	10.2	10.7	9.9
Graduate Ministerial	143	348	403	504

Our seven graduate schools of religion enrolled 504 students, an increase of 101 over last year. The gains in the total enrollment of our graduate schools of religion reflect the conviction of the ministry and the churches that the brotherhood must have competent leaders. Disciples have traveled a long road since 1929 when only 11.1 per cent of our ministers had post-graduate training. Their determination to have a highly trained ministry is shown today in the gain in enrollment of our graduate schools of religion.

The churches contributed \$181,504.96 to current expenses of our schools, a gain of \$25,832.00 over last year. This contribution was 3.4 per cent of the total income received by the schools. It is a small gain over last year. Endowments total \$18,429,083.31, and gross assets \$39,494,816.67. Both items show increases, the latter by over \$2,000,000. These figures clearly show that our church schools are recovering from the lean war years and that, as in the period after the first world war, they have the power to overcome adversity. With the Crusade in the offing the years ahead give promise of added growth in all phases of the work.

The church college at its best has always been an arsenal of spiritual values. It has put moral stamina in its graduates and they in turn in the decisions of their day. In this generation so lacking in its respect for the good life that western civilization hangs in the balance, the upward turn of our church colleges gives heart to the moral crusader. Two world wars in one generation could not put out the fires of this arsenal. They blaze anew as they free the human spirit from the dross of ignorance and intolerance, provincialism and prejudice. This new spirit, fully equipped with

OF CHRIST

technical skills, will function in the name of goodness, truth and beauty. A new man, made new under the auspices of the church college, must save western civilization and make a new world.

A further increase in enrollment this fall gives added testimony to the confidence in which the church college is held. It also summons the college to mold a new man to fit the challenge of this generation. With adequate church support and wise planning by the college this summons can be answered in terms of a Christian citizen. The times demand only this product. The arsenal was set up for no other purpose.

Pension Fund of Disciples of Christ

SEVENTEENTH ANNUAL REPORT

(50th of Ministerial Relief—15th of Pension Plan)

JANUARY 1 TO DECEMBER 31, 1945

Paul G. Preston, Executive Secretary

(For complete directory of this organization see page 151.)

The officers and trustees of the Pension Fund are pleased to present herewith the results of the Fiftieth Anniversary Year. The year proved to be one of substantial progress and achievement.

Membership Growth

The total number of new 8%-accounts during the year was 732. This is the largest number in any year since the beginning of the Pension Plan in 1931. The total of 8%-accounts paying regular dues is now well beyond 3,000. There were 594 2½%-accounts started, which number is less than the 8%-accounts due to some ministers having two or more churches.

Pension Experience

The pensions granted included 18 deaths in active service, 8 disabilities, 32 retirements, 34 widows' pensions, and 12 minor children's pensions. The fund's experience for the year was well within the actuary's expectations.

Receipts

The receipts from all sources reached the highest figure yet attained, being \$1,248,267.55, an increase of \$195,708.07 or 19% over the receipts of the previous year.

Disbursements

The total amount received was disbursed as follows:

Benefits Paid to 1,275 Beneficiaries -----	\$ 286,477.52
To Reserves for Future Pensions -----	790,901.64
Dues Paid for Chaplains -----	28,758.95
Additional Benefits Payments -----	21,345.84
Annuity Payments -----	22,227.38
Operating and Promotional Expense -----	97,065.61
Charge-offs and Adjustments -----	1,490.61
	\$1,248,267.55

There was included in the above benefits \$96,379.13 of gift money. The operating and promotional expense was 7.7% of the total money received.

Investments

During the year the funds were invested principally in first mortgage loans on real estate and U. S. Government bonds. The interest income amounted to \$259,432.20. The earning rate remained high, being 5.18% from mortgage loans and 5.10% when calculated against all the assets. The actuarial requirement rate for the Pension Fund reserve is 3½%.

Assets and Reserves

The total assets, including all departments of the work, came to \$5,455,454.00, an increase of 18%. Pension Plan reserves were increased 23% to a total of \$4,215,603.49.

THE ACTUARY'S VALUATION

GEORGE A. HUGGINS
Consulting Actuary

May 11, 1946.

Pension Fund of Disciples of Christ
800 Test Building
Indianapolis 4, Indiana

Gentlemen:

We have completed the actuarial valuation of the Pension Fund as of December 31, 1945, and are pleased to advise you as follows:

There were outstanding in the Pension Plan 795 pensions for yearly amounts totalling \$172,376.

In 1935 the corresponding annuity roll amounted to \$78,861 and in 1940 \$128,394.

A reserve fund of \$1,865,772 has been set aside to provide the future payments as they fall due on these pensions, assuming interest at the rate of 3½%. This fund includes a margin applicable toward any contingencies or adverse experience that may develop in the future.

Toward providing pensions payable in the future to the 2,925 members who are prospective pensioners, there have been set aside reserves aggregating \$2,920,554 which reserves also include a margin applicable toward any contingencies or any adverse experience that may develop.

Reserves on hand that are applicable toward the 1919 Pension Plan are adequate to meet the contractual obligations of that system.

The increase in the number of members and participating churches is encouraging even though there are others eligible for membership who are not yet participating in the Pension Plan. There are churches who are not yet participating even though their ministers are participating.

Very truly yours,

GEORGE A. HUGGINS.

THE AUDITOR'S LETTER

STEPHEN S. YEOMAN, C.P.A.

Member American Institute of Accountants
910 Hume Mansur Building, Indianapolis, Ind.

February 8, 1946.

To the Board of Trustees
Pension Fund of Disciples of Christ
Indianapolis, Indiana

Gentlemen :

In compliance with the terms of our agreement, I have examined the accounts of the Pension Fund of Disciples of Christ for the Year Ended December 31, 1945, and I herewith present my report.

I verified the cash, all investments and current assets and all funds held by the United Christian Missionary Society for the benefit of ministerial relief work, now under the direction of the Pension Fund of Disciples of Christ.

Real Estate was accepted at book value without verification other than the inspection of deeds of transfer and other evidences of ownership submitted to me.

Office Equipment has been depreciated to \$8,007.61 to conform with the action of the Board taken on June 24, 1938.

A current liability for deposits by ministers and others in the "Additional Benefits Department" is shown on the Balance Sheet. These deposits draw interest at the rate of $3\frac{1}{2}\%$ per annum and are subject to withdrawal on 30 days' notice or may be invested with the Corporation to earn additional benefits.

Reserves and fund balances are based upon findings by the Actuary for the Corporation who has made a report of his studies of requirements of the several funds as of December 31, 1944.

It is not the practice of the Corporation to set up at the close of the year accounts receivable for delinquent or accrued interest or to set up accounts payable for accrued annuities. With these exceptions, all known assets and liabilities are included in the accounts.

My examination was directed mainly to verification of the assets as shown by the books. I did not make a complete detailed audit of all cash receipts and disbursements. I did, however, make a series of test checks sufficient to satisfy me that all recorded cash had been deposited in banks and that all withdrawals from banks had been properly charged into the accounts.

I hereby certify that, in my opinion, subject to the comments herein contained, the accompanying Balance Sheet and statements of fund analyses correctly present the financial condition of the Corporation at December 31, 1945, and its operation for the year ended with that date.

Respectfully submitted,

STEPHEN S. YEOMAN, C.P.A.

Member American Institute of Accountants.

AUDITOR'S CERTIFICATE

Indianapolis, Indiana

January 21, 1946

To the Board of Church Extension
of Disciples of Christ,

Missions Building,
Indianapolis, Indiana

I have audited the accounts of your Board for the calendar year 1945 and herewith present my report.

I verified the cash, the loans to churches, and other current assets. All known liabilities are included in the accounts.

I hereby certify that, in my opinion, the balance sheet and statement of income and expense correctly present the financial condition of the Board at December 31, 1945, and the operations of the General Fund for the year ended with that date; also, that the analysis of fund accounts presents a correct summary of transactions affecting all fund balances for the year.

Respectfully submitted,

STEPHEN S. YEOMAN, C.P.A.

FIFTY-NINTH ANNUAL REPORT

J. Eric Carlson, General Secretary, St. Louis, Mo.

(For complete directory of this organization see page 152.)

The National Benevolent Association of the Christian Church is pleased to present herewith its 59th annual report, covering the year July 1, 1945, through June 30, 1946.

In 1944 a group of well-known authorities in the field of social work made a careful analysis of trends in the social structure of our country. The result was a series of articles which appeared in an issue of *Survey Graphic* dealing with probable postwar needs and how to meet them. The conclusion, as interpreted by the writer of this report, was that the postwar needs in our country would be so great as to tax to the limit of their capacities all welfare agencies, both public and private. The experience of the National Benevolent Association and its several Homes during the first year since V-J Day abundantly bears out the truth of their prediction. During the year 1138 needy persons received total care during their stay in one of our Homes. Of this number 794 were children, 282 were aged men and women and 62 were mothers. As of June 30, 1946, there were 93 approved applicants whose names were on the waiting lists of our Homes for the Aged, and 25 applications were in process or pending. We have received more enquiries from needy persons or their friends than in any single year of the N.B.A. history. While we rejoice in the number we have been able to serve, we are greatly concerned about the large number who have not been served.

The largest single source of support for this work is the Christmas offering. The 1945 Christmas offering totaled \$301,328.91, being the largest ever received by the N.B.A., and an increase of \$20,427.35 over the previous year. Total receipts for maintenance amounted to \$589,558.30; an increase of \$52,104.91 over the previous year.

Our *Front Line* churches, i.e., those giving \$300.00 or more per year for maintenance, totaled 513, of which 50 gave \$1000.00 or more, with the largest single offering coming from the East Dallas Christian Church, Dallas, Texas, amounting to \$8,877.43; 142 gave \$500.00 or more but less than \$1000.00 and 321 gave \$300.00 or more but less than \$500.00. More than 600 churches averaged \$1.00 per capita of resident membership for Benevolence.

Gifts by annuity totaled \$72,594.00, and gifts by bequest amounted to \$104,232.75.

The operating costs of these Homes have advanced sharply in recent years. This is a part of the postwar adjustment period. Everyone is familiar with what occurred when OPA ceiling prices were discontinued and Government subsidies on many commodities were eliminated. Your experience is the same as ours, the only difference being that we are dealing with the total care of 1138 needy persons, children and aged.

**THE NATIONAL BENEVOLENT ASSOCIATION
OF THE CHRISTIAN CHURCH
ANNUAL REPORT**

We are most grateful to a great brotherhood for so generously supporting this ministry of mercy on behalf of needy children and aged persons. On their behalf we urge the continuance of this most generous support.

Because of the unprecedented calls to serve needy aged brethren, several of our Homes are in the midst of securing needed funds to increase their capacity. Several of our Homes for Children will be enlarged in order to provide more and better care for needy children. It is anticipated that actual construction will begin just as soon as the building and labor markets become more stabilized, and contractors can have a more accurate basis on which to submit bids.

Each of our twelve Homes has rendered a most effective service under very difficult circumstances and the superintendents are to be commended for their faithful and untiring efforts.

We face the uncertainties of the new year confidently, believing that our churches will continue to support this ministry of mercy as generously as in the past.

When the financial objectives of the Crusade for a Christian World are fully realized, the NBA hopes to be in a position to expand its service to our churches greatly.

Association for the Promotion of Christian Unity

THIRTY-SIXTH ANNUAL REPORT

George Walker Buckner, Jr., Executive Secretary, Indianapolis, Indiana
(For complete directory of this organization see page 153.)

With this report the Association for the Promotion of Christian Unity rounds out 36 years of service. Its work, as in other years, has been conducted on a voluntary basis.

Financial reports, for the year ending June 30, 1946, show receipts for the Association's work in the amount of \$2,769.45.

Throughout the year the officers have presented the cause of Christian unity through conferences and conventions and other gatherings. The president participated in the conference on Christian unity at Washington Cathedral in January. The executive secretary spent nearly four months in Europe in the summer and fall of 1945 as a Special Representative of the World Council of Churches. Since his return he has presented the work of the World Council and the cause of interchurch cooperation and unity in a large number of state and local conferences of our own people, and interdenominationally.

The Association has continued to provide travel expense for Disciple members of the Federal Council's Executive Committee and for the brotherhood representatives on the Committee on Relations with the Baptists. Financial contributions have been made to the Federal Council of Churches of Christ in America and to the World Council of Churches.

The Association's continued efforts to bring our churches into adequate financial support of the Federal Council and of the World Council are bearing fruit. Federal Council contributions from our churches in 1941 amounted to \$4,053.11, as against a quota of \$7,750.00. These contributions have increased to \$7,219.56 in 1942; \$9,975.41 in 1943; \$13,916.40 in 1944; and \$15,948.46 in 1945.

Our World Council contributions increased from an average of \$490.00 in the years from 1938 to 1942 to \$926.16 in 1943; \$2,024.57 in 1944; and \$2,250.15 in 1945.

The Association does not think of cooperation in local, state, national and world councils as the ultimate in church unity. It does believe, however, that such cooperation points the way to the unity which is the will of God and it rejoices that Disciples of Christ are giving increasing support to such Christian cooperation.

The Association notes with approval that the proposed Crusade for a Christian World has as one of its General Objectives, "A Program of Christian Unity and World Fellowship." To the realization of such an objective the Association is unreservedly committed and pledges its full support. We are in complete agreement with the statement of the Committee of Twenty-Five that "there must be a revival within Disciples of Christ—a revival of our consciousness of being a people with a mission."

The indebtedness on the church during the fiscal year ending June 30, 1946, was reduced from \$240,000.00 to \$135,000.00, and since June 30th an additional \$10,000.00 has been paid on the debt, reducing same to \$125,000.00. Pledges have been made by the National City Christian Church Congregation and by the Christian Board of Publication of \$25,000.00 each contingent upon the remaining indebtedness being liquidated on or before June 1, 1947. Every effort is being made to meet these pledges, and it is hoped that our financial statement of June 30, 1947, may show this loan of long standing fully liquidated. Our National City Christian Church, under the splendid leadership of Dr. J. Warren Hastings and his efficient wife, is making great progress and fulfilling the hopes of those who through the years have been bearing its burdens.

Now - Or When?

Unless the indebtedness is wiped off the National City Christian Church now, by July 1, 1947, it will be impossible to get rid of it until the Crusade is over, and the work of the church will be hampered that much longer. During 1946 there were 178 additions to the church, 21 by baptism. The Sunday morning congregation averages one thousand to eleven hundred. The work is constantly gaining momentum. The potential possibilities of the National City Christian Church far exceed the fondest dreams of the people of our Brotherhood. The city of Washington needs the message which is proclaimed in the National City Christian Church.

These are days when Government leaders are more harassed than ever before. In the midst of today's unrest Protestantism is being given the acid test. The National City Christian Church stands for what we as a people believe and love.

May every Disciple of Christ pray without ceasing and work passionately to eliminate the debt on the National Church at once.

**THE NATIONAL EVANGELISTIC ASSOCIATION OF THE
CHURCHES OF CHRIST****T. K. Smith, President**
Columbus, Indiana**ANNUAL REPORT**

(For complete directory of this organization see page 154.)

Since no International Convention was held in 1945, the annual report for this year July 1, 1945, to June 30, 1946, of the National Evangelistic Association must be confined largely to a brief statement of its objectives and to a statement concerning the 1946 Convention. The N.E.A. seeks to serve the brotherhood primarily through its two-day Convention which ordinarily is held annually immediately preceding the International Convention. The members of the Association are dedicated to evangelism, believing that this is one of the essential functions of the church. Indeed it is believed that evangelism is so basically an objective in building the kingdom of Christ that no greater contribution could be made than to give inspiration in this field to a people who have dedicated themselves to the restoration of the New Testament Church of Christ. Quite naturally, therefore, all of the sessions of the Convention are directed toward this end, evangelism being the theme of practically every address.

The N.E.A. Convention held this past summer in Columbus, Ohio was very well attended and while the Convention statement below does not include the new membership that was added to the organization since the Convention was held after June 30, we should like to report that one hundred eighty-five were added to the membership.

Membership in the Association is secured through a payment of one dollar annually. The officers and directors of the Association are elected annually at a business meeting of the membership which is held in association with the Convention.

RELATIONSHIPS OF INTERNATIONAL CONVENTION
ANNUAL REPORT**

Special Actions

Voted: Approval of the report of the National City Church and Park Avenue Church campaigns and continuation of campaigns permitted.

Voted: Approval of the proposed operating budget of Unified Promotion in the sum of \$67,366.00.

Voted: Approval of the asking by Unified Promotion from the churches and their auxiliaries and individuals in the sum of \$2,540,000.00.

Voted: Approval of the changes Unified Promotion has made in its By-Laws. (These changes affect the operation of the Budget Commission and will be reported to the International Convention with the proviso that the Commission on Budgets and Promotional Relationships continue to conduct public hearings on all requests for change of percentage money.)

Voted: Approval of the World Convention budget in the sum of \$8,500.00, this sum to be raised from individuals.

Trends

With the acceptance of the operation of Unified Promotion, the Commission is giving less heed to the budget administration of agencies and more to promotional relationships.

The Commission believes that no campaign should be undertaken with pledges becoming due after the International Convention of 1949.

The Commission believes that too many special projects with appeals to individuals are being made and that these appeals jeopardize Unified Promotion and do not develop stewardship in our churches.

The Commission believes that an earnest and intensive effort should be made by Unified Promotion and cooperating agencies to increase the number of contributing churches and schools. Fellowship in kingdom tasks may well be one bond of our unity.

ANNUAL REPORT

(Following the request of the International Convention, this report is made to that body through the Commission on Budgets and Promotional Relationships, under whose guidance Unified Promotion functions.)

I. The Foreword

In this year humanity has been released from the tensions of war. At the same time, it is realized that the world is still face to face with the tragic problems which existed before the war.

The task before Christians is one of awesome magnitude and unless there is a spiritual rebirth, it is evident that the nations of the world are only in a pause between conflicts. Who is responsible for bringing about the spiritual rebirth of mankind? Christians have the conviction that the gospel of Christ is the salvation of mankind. Christians have confessed belief in Jesus Christ as a personal savior and as a savior of the world. Such a faith makes Christians God's instruments for the rehabilitation of the spiritual wastes of the world.

What then is the task before us?

First, we must repent. We must repent. We must repent. Over and over again that refrain must be in our minds until in humility we give ourselves wholly to the practice of the gospel of Christ which we confess. "If a man be not born again, he cannot see the Kingdom of God!"

Second, we must become so aware of the needs of men—mental, physical, and spiritual—that those needs haunt our every thinking moment. We must become so convinced that the salvation of all peoples is dependent upon us that we are restless and distraught until we have fulfilled our obligation by bringing to them the message of Christ.

Third, we must work together to rebuild the world. The hungry, the naked, the wounded, the diseased, the helpless peoples of the earth, dislocated and distraught by our inhumanity, must be served. Only God knows the magnitude of the task and only when we can submerge ourselves in the mind of God will we see what we must do. We cannot do it alone. We must do together that which must be done to rebuild the world; we must in the spirit of God submerge our differences, our prejudices, and our uncertainties in His will. Then and only then will it be so.

II. The Eleventh Year

A. Theme.—"With Christ We Build Anew."

The year's program has been built around this theme. It has been worked out through evangelism, stewardship, and education and these instruments of kingdom building have been applied through the consecration of persons and of possessions, to build a new world.

The theme has gripped the minds of our people with unusual interest. It has been decidedly encouraging to note the seriousness with which they

have been thinking of the task that is before them and there has been increasing evidence of a larger dedication of material possessions to the work of the Kingdom.

The call has been to the church to prove itself worthy of the Christ it represents and of the people it would redeem. Mankind is hungry for spiritual guidance. The only source is the gospel of Jesus Christ. This gospel, the church, must live through its people in such a manner that the world will seek the leadership of the church because its practice of the gospel meets the needs of the hour.

"With Christ We Build Anew" has been the answer first to the resolve within ourselves that we have been willing to share in the spiritual rehabilitation of mankind, and second, to the world that we have assumed responsibility in furnishing spiritual guidance for mankind.

B. Christian Church Conventions

A series of "Christian Church Conventions" was held from coast to coast in the fall. This was opportune in light of the fact that the International Convention of Disciples of Christ was not held in October and several fall conventions were postponed. These were practically shopping area conventions.

The purpose of these conventions was to bring our people together for fellowship in spirit, in thought, and in plans. The pastors accepted the responsibility for promotion. The speakers were pastors and other local church leaders of the areas.

There is a genuine basis for estimating that approximately 300 conventions were held with an average attendance of 150, making a total attendance of 45,000.

C. Stewardship

The dedication of possessions has been recognized as a major way to build anew with Christ. The stewardship slogan for the year was "Let Each One of You." The objective was a planned program of stewardship education and enlistment of all areas and age levels of the church and its organizations. The following were suggested as standards of observance: (a) preach, (b) teach, (c) enlist. The periods of special emphases were: (a) stewardship month, (b) stewardship and the family, (c) stewardship and tithing.

There is evidence of a wholesome stewardship development in the Brotherhood. In 1943 according to the statistics of the United Stewardship Council, the per capita giving of Disciples of Christ for current expenses was \$8.09, in 1944 \$10.12, and in 1945 \$12.40. Simultaneously our missionary giving increased from \$1.79 per capita in 1943 to \$2.54 in 1944 and to \$3.19 in 1945. Thus the per capita giving for all purposes has increased from \$9.48 in 1943 to \$12.64 in 1944 and to \$15.59 in 1945.

It is well to be mindful of the fact that Disciples of Christ in 1944 were \$4.04 below the average per capita giving for all purposes of the communions in the United Stewardship Council, and in 1945 they were \$3.75 below this average.

Indianapolis 1, Indiana.

I have audited the accounts of Unified Promotion, Inc., Disciples of Christ, for the period from February 1, 1945, to January 31, 1946, and have proven the correctness of all ledger account balances as of January 31, 1946.

I have found that all receipts have been properly recorded and distribution has been made according to the principles set forth in the By-Laws. I have also found that the expense of Unified Promotion, Inc., has been properly allocated to the cooperating boards and agencies and the funds correctly handled.

In my opinion, the records have been properly kept for the period under review.

IV. The War-Time Service Fund

A. A Continuing Obligation

Disciples of Christ recognized a continuing responsibility for suffering humanity in war-torn areas. As President Truman says, "War service has not ended yet . . . let us push on . . . to the total victory of human justice and decency and faith in mankind." What you do will mark the difference between despair and renewed faith for millions of people. The President has expressed our common concern thus: "Without adequate clothing and other necessities of life to sustain victims of war on the long road to rehabilitation, there can be no peace." We must all learn to say with Edwin Markham, "I could hear Christ crying out from that ruin of a man." They can live. But only with our help.

Sensing the urgency of this obligation a united Brotherhood effort was launched again for the War-Time Service Fund. All agencies reporting to the International Convention were asked to assist in the promotional effort under the direction of Unified Promotion.

B. The Theme.—"What Doth the Lord Require of Thee Now Face to Face With Humanity's Distress and Destitution?"

C. The Goal

The goal for the year was \$500,000.00.

D. The Week of Compassion

The Week of Compassion was promoted across the Brotherhood. The offerings were to be received during the Week of Compassion, February 17-24. The Brotherhood Dinner came during this week.

E. The Results

The receipts as of October 31, 1946, totaled \$507,902.34.

I have audited the accounts of the War-Time Service Fund for the period from August 1, 1945, to July 31, 1946, and have found that all receipts have been properly recorded and distribution has been made as instructed by your Board. In my opinion, the records have been properly kept for the period under review.

Commission on Restudy of the Disciples of Christ

ANNUAL REPORT

O. L. Shelton, Chairman

(For complete directory of this commission see page 156.)

Our commission has at various times reported to the convention that we were actively engaged in the task committed to us and has recommended that our work be continued. But we have not regarded it as opportune to report specific results. However, we believe that, at this time, it will be helpful to the brotherhood and to our work as a commission to set forth the matters which we have found to be the chief causes of unrest and dissension among our people. This we do without any expression of opinion, but simply as an objective and impartial statement of fact. We find that the chief causes of unrest in our brotherhood center around the following differences:

I. Denomination or Movement?

It is agreed that in our inception we were a movement rather than a denomination; that historically we have endeavored to avoid denominational status; and that to be content with occupying a status as one among many denominations is to abandon our attempt to realize unsectarian Christianity.

Some of us hold that we must therefore refuse to accept any denominational status, and rather seek to occupy non-partisan and ultimate ground in all points of faith and order.

Others hold that we are compelled by the existing order of Protestant denominationalism to be a denomination, while at the same time testifying against denominationalism and exploring all possibilities of finding common ground on which all Christians may stand.

Still others, in the judgment of this commission few in number, hold that we have in the processes of history become a denomination, possessing peculiarities and identity in a manner similar to the denominations round about us.

II. Local Church Autonomy

We are agreed that from the beginning we have emphasized the autonomy of the local church.

Some among us hold that there is a tendency on the part of the agencies and conventions to assume and to exercise authority over the local churches.

Others interpret the utterances and policies of the agencies and conventions as, in the main, the exercise of the responsibility of leadership which the churches desire them to undertake and to which the churches respond voluntarily with no sense of constraint by official authority.

III. The New Testament Church

We are agreed that the New Testament affords the sufficient basis and norm of evangelism and church life. But there are differences of understanding at certain points as to what the New Testament requires. The differences arise largely from two considerations. The first has to do with the bearing of the New Testament upon the structure of the local church.

Some among us find in the New Testament the divinely authoritative pattern for the form and organization of the local church, and affirm that, historically, we set out to restore this New Testament pattern and that our local churches essentially represent its restoration.

Others among us recognize in the New Testament certain *principles* which inherently belong to any local church that calls itself Christian, but they do not find any evidence that the particular *forms* of organization or procedure prevailing in the primitive church, were authoritatively prescribed as a pattern which the Christian church is obligated to reproduce in detail, everywhere and throughout all time.

The second consideration has to do with the relations among local churches. We are agreed that the New Testament distinctly discloses a clear conception of the *Church* as distinguished from the local churches and a profound sense of interdependence among all the churches. But the New Testament gives no clear evidence of an organization of local churches in a general or connexional relationship. From these facts two alternative conclusions are drawn.

Some believe that our churches would therefore deviate from the New Testament norm should they (1) recognize such a relationship, or (2) consent to create a recognized agency as their exclusive instrument for the united administration of their missionary or benevolent enterprises, or (3) create a single representative convention or council for the formation and expression of their united convictions on (a) matters which concern the churches and their agencies, or (b) our witness to Christian unity, or (c) our witness to the gospel in relation to the moral and human problems of our time. But they would leave to the brethren freedom to create any number of agencies for the expression of any or all of these above ends, as may seem to them expedient.

Others believe that the absence of an authoritative pattern leaves the churches free, and their relation to each other in the *Church* renders it their duty, (a) to create such agencies or organs as may be needed in order unitedly to carry on their missionary and benevolent enterprises and their plea for Christian unity in the most adequate and responsible manner; and (b) to constitute a genuinely representative convention or council through which the united voice of the brotherhood may be expressed—provided, always, that such agencies or organs and such convention or council shall not be clothed with nor allowed to assume any independent authority over the churches, but shall operate only under the consent of the churches whose rightful duty it is to participate in the democratic process by which their consent is enlisted and expressed.

IV. Conventions

We are agreed that our conventions have a highly important place in the life of our churches. As occasions for fellowship and witness-bearing, they have served to enlarge the vision of the local churches by exchange of views and experiences and by keeping the churches conscious of belonging to one another. We are also agreed that our people have not yet found a type of convention which fully satisfies their tradition, their convictions and their sense of obligation to give united expression to the interests of Christ's kingdom. The dissatisfaction which we all share has, however, in recent years, found expression in the holding of other conventions sponsored by those who desire to protest against certain features of the existing International Convention, as well as to exemplify, by contrast, a convention of a different type.

This development is an expression of the dissatisfaction and is also a cause of tension and of possible peril to the unity of our brotherhood. We believe that the sponsors of the North American Convention deplore what seemed to them, in good conscience, the necessity of holding another type of assemblage. In view of the dissatisfaction, not only on the part of dissenters, but of supporters also, it seems evident that the brotherhood has a clear call to provide itself with a convention that will unite our people wholeheartedly, instead of tending to divide them.

V. Unity and Restoration

We are agreed that from our beginning we have cherished no purpose more steadfastly than to exercise a potent influence on behalf of Christian unity. Our movement began under this impulsion, and the passion for the unity of the whole church has never been lost. We are agreed, however, that we stand in need of Christ's forgiveness that our witness on behalf of this great consummation has not been more consistently proclaimed and, especially, more appealingly exemplified. We are embarrassed in our testimony and humbled in our hearts by the divisions that have already occurred in our own fellowship, and by the present tensions which gave rise to the creation of our commission.

Our study of the history and ideals of our people has led us to the conclusion that a basic cause of our divisions and our more serious dissensions, both past and present, lies in a difference of understanding with respect to the fundamental purpose of our movement.

Our commission agrees that the two concepts of unity and restoration have been, from the beginning, held together in a parity of mutual dependence. The fathers believed that they had discovered in the New Testament the pattern of the true church, that this pattern was authoritative for the Church of Christ in all time, and that Christian unity could be attained only by its restoration. Throughout our history this conception of our plea has persisted. During the past half century, however, in the thinking of a considerable section of our people, the ideals of union and restoration have tended to fall apart as two concepts that are not coordinate or mutually dependent. This, the commission believes, is a principal cause of the major dissensions which disturb us.

Some among us maintain that these two conceptions of union and restoration must be held together, essentially unchanged, in the form in which we traditionally conceived them. It is affirmed that Christian unity is possible only on the basis of the restoration of the primitive church in this form.

Others among us are content to abandon the concept of the restoration of the primitive church and center our emphasis upon union.

Still others believe that a new synthesis of these two concepts of unity and restoration is possible which would avoid, on the one hand, the too dogmatic claim that we alone have restored the New Testament church and, on the other hand, the indifference that regards the restoration concept as irrelevant to Christian unity.

VI. Baptism

Our churches have from the beginning administered the ordinance of baptism by the immersion in water of a penitent believer. Our study discloses no appreciable tendency among our churches to abandon or modify this practice. It has also been our practice, in the case of unimmersed members of other churches who sought membership with us, to receive them only

on condition of their acceptance of immersion. A considerable number of our churches have, however, modified our traditional procedure at this point by receiving such applicants into membership without raising the question of baptism. This practice, commonly called "open membership," is one of the causes of tension among us.

Some hold that, under the authority of Christ we have no right to receive any who have not been scripturally baptized, and that we are bound to apply this principle to the penitent believer and the unimmersed Christian without discrimination. It is maintained that any such discrimination is a surrender of the witness which we have been called to bear with respect to the scriptural action of baptism.

Others hold that in making the distinction between a penitent believer and one who brings credentials from a sister church of Christ, they are acting under the authority of Christ. They believe that inasmuch as Christ has received such a person into the membership of his church, they would be disloyal to Christ in not recognizing the full status of such a person as a Christian, a member of the Church of Christ, and receiving him as such without re-baptism, unless he desires to be re-baptized.

Among those who hold this view and practice it, are many who testify that, instead of surrendering or weakening our witness to immersion, it enhances it.

VII. In Faith, Unity

Our brotherhood has from the beginning rested upon a broad basis. It represented a revolt against the divisive use of human creeds as terms of admittance into the church and as authoritatively bound upon its ministers and members. In place of such creeds, there was adopted a simple, scriptural and truly catholic creed, namely, faith in Jesus Christ as the Son of God and man's Savior. A declaration of faith in the divine Lordship of Christ was the only confession required for membership in the Church or for ordination to the ministry. This faith represented not a belief about Him in terms of the historic creeds, but was a simple acceptance of the fact of His divinity and a spiritual and moral attitude toward Him. In our study of contemporary thought among our people, we have found two tendencies in the matter of faith which are a cause of tension and a peril to our unity.

Some among us seem to have abandoned the theological implications in the simple confession of Christ, and have come to regard His Lordship chiefly and essentially in ethical terms. He is the supreme moral and spiritual leader of mankind, and the confession of faith in Him is essentially a decision to follow His way of life.

Others go to the other extreme and seem to confound faith with doctrine. They insist that the Lordship of Christ must be interpreted theologically, and that their particular interpretation must be made explicit in the confession as the basis of our fellowship and unity.

Thus the traditional simple formula of faith which was to guarantee our unity as a people is challenged from two sides. From one side, by those who would abandon its implicit theological connotation; from the other, by those who would make their own particular theological connotation explicit as a basis of unity. Between these two schools of thought the main body of our people continue to use the scriptural confession without specific interpretation.

COMMISSION ON RESTUDY OF THE DISCIPLES
OF CHRIST
ANNUAL REPORT

VIII. In Opinions, Liberty

The breadth of our conception of unity on the basis of the Lordship of Christ left a large place for diversity in the realm of opinion—both as to creedal opinion and practical or procedural opinion. In this field, the fathers hoped that a common loyalty to Christ would produce such “charity in all things” that disagreements and diversity of opinion would not impair the unity and complete fellowship of our churches. Our study of the past and the present has led us to the unhappy conclusion that we have, in practice, fallen far below their high hopes and the standard under which they summoned us to march together.

Our commission is unanimous in affirming the soundness of the two principles of unity in faith and liberty in opinion. That these principles were wrong or mistaken is, to us, unthinkable. But the divisions that have already taken place, and the dissension that exists among us today, plainly call for a reexamination of the principles upon which our movement was launched and of the spirit in which we have proclaimed and exemplified them. Such a reexamination we have been making in the deliberations of our commission.

Conclusion

In view of the situation as thus analyzed and summarized in this report, we recommend to the International Convention that our commission be continued in order that it may further explore the matters referred to herein and extend its studies into other areas in which the unity of our people may be threatened. We recommend also that the commission be authorized to incorporate the results of its study in an extended report, the precise nature and form of which would be determined by the commission in the light of its further study.

We also recommend and invite a general and open discussion in our press, on our convention platforms and in the boards of our agencies, of the questions indicated in our present report, and any other questions relevant to our unity. We wish the brotherhood to know that the spirit of mutual consideration, respect and brotherly trust has drawn the members of our commission, representing the diversities of opinion existing among us, into an exceedingly precious fellowship. It is our highest desire and our prayer that the spirit which characterizes the fellowship within our commission might be spread throughout the entire brotherhood as it pursues the discussion of these matters to which we have given, and if so ordered, will continue to give, our best thought and devotion.

Unanimously adopted by the commission at its meeting in Indianapolis, July 11, 1946.

Chaplaincy Endorsement Commission of the International Convention of Disciples of Christ

Carroll C. Roberts, Chairman, Cedar Rapids, Iowa

OCTOBER 1, 1945—SEPTEMBER 30, 1946

Following V-J Day, when on September 2, 1945, the Secretary of War instructed all Commissions to cease procurement, Disciples of Christ had a total of 389 Chaplains in the Army. There was a total of 57 Chaplains of Disciples of Christ in the Navy. From that date until the present, the number of Chaplains who have been separated from their commissions has mounted in proportion to the operation of the demobilization programs of the Army and Navy.

As this report is being prepared, the principal work of the Commission centers upon the furnishing of endorsement to Chaplains seeking appointment to the Regular Army, appointments to the Veterans' Administration Chaplaincy Service, and for the provision of current endorsement for those who are remaining in Service or being recalled to active duty.

The volume of work, which during the war was tremendous, has been considerably decreased but is of such volume as to require the continued regular activity on the part of the Chaplaincy Endorsement Commission.

The present Commission has served during the past five years and this service has been entirely voluntary on the part of the Commission members, a labor of love to our brotherhood and a patriotic service to our country in time of national emergency.

Following is our work report for the year.

Disciples of Christ Historical Society Report

September 1, 1944-June 30, 1946

Claude E. Spencer, Curator, Canton, Missouri

(For complete directory of this organization see page 156.)

The most significant event since the founding of the Society in St. Louis in 1941 occurred in January, 1946, when the Executive Committee voted to receive, as a gift from Culver-Stockton College, the Henry Barton Robison Collection of Literature Relating to the Disciples of Christ. By accepting this gift of a collection of over 15,000 items, the Society has the foundation for an adequate research library which will be available to all research workers and writers.

We must look forward to a time when the Society will have its own building, adequately equipped with all the tools for modern research, and with a staff trained in their use. This is necessary if the Society is to fulfill its purpose in maintaining and furthering the interest of Disciples in their religious heritage, backgrounds, origins, and development.

Discipliana, formerly published by Culver-Stockton College in the interests of the Robison Collection, is now the official quarterly publication of the Society.

An Author Catalog of Disciples of Christ and Related Religious Groups has been compiled by the Curator of the Society. The book has been litho-printed in an edition of 250 copies. Bound in cloth, it has 370 pages and sells for \$7.50.

In cooperation with Bethany College the Society is working for the restoration of the Alexander Campbell Mansion at Bethany, West Virginia. The Society secured the services of an architect, Junior W. Everhard, of Cleveland, Ohio, to survey the property and make recommendations for its repair, restoration and development.

The Planning Committee, composed of Louis A. Warren, Fort Wayne, Indiana; W. P. Harman, Jefferson City, Missouri; Frank Gardner, Des Moines, Iowa; Lin D. Cartwright, St. Louis, Missouri; and W. Barnett Blake-more, Chicago, Illinois, met in Canton early in April and made a revision of the Society's Constitution. The Committee recommends that the Society seek to enroll local churches and brotherhood organizations as institutional members.

At a meeting of the Executive Committee in Indianapolis in January, Louis A. Warren was added to the Executive Committee to fill the unexpired term of the late Edgar C. Riley.

The Society has fostered the celebration of the Sesquicentennial Anniversary of the birth of Walter Scott, October 31, 1946, and one of our members, Dwight E. Stevenson, is writing a new biography of Scott which will be published for the anniversary.

The Executive Committee gave official approval of the new biography of Alexander Campbell being written by Miss Eva Jean Wrather, and instructed the President and Curator of the Society to give Miss Wrather every assistance possible in the publication and distribution of the work.

Preserving the Brotherhood's Heritage . . .

The Disciples of Christ Historical Society, founded in 1941 at the St. Louis International Convention, has headquarters at Canton, Missouri, where copies of all materials issued by Disciples and churches and agencies of the brotherhood are needed. See that the Curator of the Society is placed on the mailing list of your church to receive orders of worship, papers, reports, year-books and all printed materials regularly. Gifts of historical Disciple materials are welcome.

All interested individuals are invited to become members. Local churches, too, should take advantage of the opportunity to share in the work of the Society by becoming members.

Members receive "Discipliana," a quarterly publication, and non-members may receive it at one dollar a year.

Subscriptions, gifts for the Society, dues and inquiries should be sent to Claude E. Spencer, Curator, Canton, Missouri.

The New International Convention Program

In answer to repeated actions in our annual assemblies, the International Convention of Disciples of Christ entered in to a new and enlarged program for the Brotherhood with the selection of a full time Executive Secretary, a full time Business Manager and Transportation Secretary and the opening of a permanent office headquarters.

The activities of the new office will be based upon the philosophy that the International Convention is the servant of the churches.

Some of the major objectives incorporated in the new program, toward the attainment of which the Executive Secretary will direct his efforts are:

- 1—The maintenance as fully as possible of the unity of our Brotherhood,
- 2—The interpretation of our plea to the Christian world,
- 3—Bringing back to our Brotherhood the sweep and tide of the ecumenical movement.

The major responsibilities of the Business Manager and Transportation Secretary are:

- 1—The financing of the Convention by direct appeal to the churches,
- 2—The handling of the business matters of the Convention,
- 3—The handling of transportation arrangements of the Brotherhood,
- 4—The publishing and issuance of the Disciples of Christ Year Book.

It is hoped that the new and enlarged program will:

- 1—Provide more adequate financial support for the various commissions appointed by the International Convention,
- 2—Provide an International Convention annual meeting which will afford an over-all fellowship for the Brotherhood,
- 3—Provide a stronger, better balanced, more stimulating annual assembly program.

Churches which have not yet made provision in their budget for the support of this important Brotherhood project should do so by sending a pledge and remittances to

STATISTICAL TABLE

REGULAR AND SPECIAL OFFERINGS

All offerings listed here are for the twelve months' period, July 1, 1945, to June 30, 1946, except as otherwise noted. Offerings to causes of International Convention of Disciples of Christ cooperating in Unified Promotion, offerings to national and state organizations and colleges *not* in Unified Promotion, together with miscellaneous missionary, benevolent and emergency relief offerings are reported in this statistical table and are included in the "Total Offerings," upon which the average per capita has been figured. "Special Offerings," covering amounts contributed as special funds to Unified Promotion causes are included in the Unified Promotion offerings reported in the column headed "Designated Offerings," which designated offerings become a part of the amount shown in the "Total Offerings" column.

War-Time Service Fund gifts received by Unified Promotion Nov. 1, 1945 to October 31, 1946, Inc., are shown in a special column headed "War-Time Service Fund Gifts." Such War-Time Service Fund gifts are taken into the total offerings and used in figuring the average per capita.

In addition to report of offerings, the statistical table carries information, when reported, for each church listed showing Church Membership—Resident and Non-Resident; Total Membership Local Missionary Organizations which is furnished the Year Book Publication Committee by the National Department of Missionary Organizations; Additions By Baptism—otherwise: Total Bible School Enrollment; and Total Amount Given by the Local Church for Local Expense.

In connection with the use of the statistical table please note the following:

Note A. A list of the organizations cooperating in Unified Promotion, together with the mutually agreed percentages which such organizations received from the undesignated and specific offerings made to the causes cooperating in Unified Promotion, for the year ending June 30, 1945, is shown at the beginning of each state. The percentages used by Unified Promotion as shown at the head of each state are those approved by the Commission on Budgets and Promotional Relationships of the International Convention and mutually agreed to by the various causes cooperating in Unified Promotion. They have not been arbitrarily determined, but have been worked out mathematically on the basis of the actual giving to the cooperating causes in the state during the five fiscal years closing June 30, 1934. In cases where no percentage is shown, no offerings were made in the state to this cause during the five-year period, other than the National City Christian Church Corporation.

Note B. Offerings received from Children's Missionary Organization groups are included with the offerings received from "Adult Missionary Organizations Groups" and the totals of such offerings are included in the column headed "Adult, and Children's Missionary Organizations." Offerings received from "Unified Children's Groups" in the local church are not classified as a part of Missionary Organizations and are not included in any column, but are shown at the end of the state with the name of the church to which such group belongs. The amounts thus shown are included in the "Total Offerings" column for each church, and are, therefore, considered in figuring the "average per capita."

Note C. Offerings to International Convention of Disciples of Christ are shown in a separate column in the statistical tables. These "Designated" gifts are included in the Unified Promotion "Designated Offerings," noted offerings, but receives only offerings "Designated" for such cause. These "Designated" gifts are included in the Unified Promotion "Designated Offerings," column, and are part of the "Total Offerings."

Note E. The column formerly headed "Christian Endeavor and Unified Youth Groups" is now headed "Youth Groups" and such column carries offerings from Christian Endeavor societies, Unified Youth groups, circles, triangles, and Youth Fellowship groups. In the case of Ohio, Virginia, and Washington statistical tables, offerings made by the Youth Groups of such states are reported at the end of the state statistical tables under the caption "Youth Missionary Project Gifts."

Note F. Since the National Benevolent Association does not cooperate in Unified Promotion, offerings made by churches to National Benevolent Association and Homes are shown in a column headed "Offerings to National Benevolent Association and Homes," except offerings from churches in Kentucky, such offerings being shown at the foot of the Kentucky statistical table.

Note G. In states or provinces where the state or provincial society in the area is *not* cooperating in Unified Promotion, any offerings made by a church or its organizations to such state or provincial society are shown in the column headed "Offerings to State or Provincial Society *not* in Unified Promotion." Offerings to Colleges *not* in Unified Promotion are listed at the end of the state or provincial table, except in Texas, offerings to Texas Christian University and Brite College of the Bible are shown in a separate column.

The county index for each state or province is shown at the beginning of the statistical table for such state or province. In parentheses following the local name of the church is shown the name of the city in which such church is located. Colored are indicated as follows: (Col.)

†The miscellaneous missionary, benevolent and emergency relief offerings shown in this statistical table consist of offerings made to independent missions, charity, Red Cross, Near East Relief, American Bible Society, Federal Council of Churches of Christ, International Council of Religious Education, World's Sunday School Association, World Council of Churches, Community Chest, Committee on Relief Appeals, and to any other agency or cause to which the church has contributed during the year except organizations reporting to the International Convention of Disciples of Christ.

NOTE NO. 1: The publishing of the following list of churches in the Year Book is not an official or complete list of churches belonging of the to or affiliated with the Disciples of Christ, approved by state or provincial secretaries, but it is a list of churches which according to the best knowledge of the Year Book Publication Committee now comprises the churches which are affiliated with that religious body designated in government statistics as "Disciples of Christ."

NOTE NO. 2: The name of the Post Office for the churches shown in these statistical tables is the same as the name of the church, unless otherwise indicated, in which case the Post Office address of the church is shown last.

NOTE NO. 3: The name of the minister shown in the second column of the statistical table is the minister of such church according to the best records of the Year Book Publication Committee at the time the Year Book went to press, but such minister may not necessarily have been minister of the church shown during the offering year ending June 30, 1946.

EXPLANATORY NOTE FOR STATISTICAL TABLE

ss—Bible school organization only.

SUMMARY OF The Annual Statistical Report

For the Year Ending June 30, 1946

The 1946 edition of the Year Book carries statistics, reports and information for the year July 1, 1945, through June 30, 1946 except as noted in certain specific instances. The "Statistical Tables" which are found beginning on page 290 report by churches, the offerings to causes cooperating in Unified Promotion; to the National Benevolent Association and Homes; to colleges not in Unified Promotion; to state and provincial societies not in Unified Promotion, and the miscellaneous missionary, benevolent and emergency relief offerings. A column is also included in reporting the amount contributed by the churches through the War-Time Service Fund; also a column this year shows the gifts to International Convention. The "Statistical Tables" likewise report on "church membership" both resident and nonresident; total membership of local missionary organizations; "additions" by baptism and otherwise; "Bible school enrollment;" and the total amount given by the local church for local expense. All of this data is furnished by the church itself except that the membership of the local missionary organizations is furnished by the secretary of the missionary organizations-education for each state or province. The offerings made to the various organizations covered by this Year Book are reported to the Year Book Publication Committee by such organizations and their figures are used in compiling these "Statistical Tables."

Every reasonable precaution is taken to insure accuracy in the presentation of the data included in the Year Book. After all the information is assembled relating to a given church, it is sent to the church for verification, with the request that any additions, eliminations or corrections that are applicable be made. Thus each church reported in this Year Book was given an opportunity to check on the figures related to it in the "Statistical Tables" before the publication of the Year Book.

The following are the outstanding facts revealed by the 1946 Year Book:

1. The total world membership of Disciples of Christ is 1,889,066, a gain over the world membership of last year of 21,475. The total membership in the United States and Canada is 1,718,010, a gain compared to last year of 16,982.

2. Our total Bible school enrollment for the world is 1,099,883, an increase over last year of 26,405, and for the United States and Canada, 1,039,584, an increase over last year of 25,905, or 2.56%.

3. Baptisms indicated by Year Book reports received by the Year Book Publication Committee from Churches in the United States and Canada for the year ending June 30, 1946, total 52,904, an increase of 2,297 compared with last year. Indiana churches report the largest number of baptisms, a total of 4,550, a decrease of 203 compared with Indiana baptisms last year. Illinois follows with a total of 4,398 a decrease of 483 in Illinois additions compared with last year. It should be observed, also, that the highest number of baptisms reported by any one state this year—namely, Indiana with 4,550—is 331 less additions than the highest state of last year when Illinois reported a total of 4,881.

The number of baptisms reported in foreign countries for this year total 5,558 an increase of 1,128 compared with last year. The records show reported additions by baptism throughout the world (United States and

Canada and foreign countries) totaling 58,462 compared with 55,037 last year, an increase of 3,425. These figures indicate an upward trend in evangelistic results reported.

4. The total number of churches reported throughout the world is 8,870 which is a decrease of last year of 56, and for the United States and Canada 7,959, a decrease of 45. Thirty-six organizations, such as Bible schools and missionary organizations, where there is no church organization, are listed in this Year Book, an increase of ten such organizations.

5. The reports for the United States and Canada show 8,030 ministers compared with 7,854 last year, an increase of 176.

6. During the year beginning July 1, 1945, and ending June 30, 1946, the total monies given by the United States and Canada to the national boards reporting to the International Convention of Disciples of Christ, including the amounts shown in the column headed "Miscellaneous Missionary, Benevolent and Emergency Relief Offerings;" the amounts given to the Christian Church Widows' and Orphans' Home of Kentucky and the State Development Funds in Oklahoma and Missouri amount to \$9,941,051.63 against \$8,759,872.65 last year, an increase of \$1,181,178.98, or 13.48% as compared to an increase of 45.57% last year. Of this amount there is included in this total figure \$507,902.34 contributed as War-Time Service Fund gifts.

For the 1,718,010 members of our churches in the United States and Canada the total offering of \$9,941,051.63 is an average of \$5.79 per member against \$5.15 per member last year. For the 7,959 churches in the United States and Canada the average per church is \$1,249.03 compared with \$1,094.43 last year, an increase of \$154.77. For the 5,837 contributing churches in the United States and Canada the average per church this year is \$1,703.11 against an average of \$1,491.80 last year, an increase of \$211.31.

7. The total amount given by the churches in the United States and Canada, including gifts made by individuals, applying strictly on the *budgets* of the International Convention of Disciples of Christ, The United Christian Missionary Society, Pension Fund of Disciples of Christ, Board of Church Extension of Disciples of Christ, National Benevolent Association of the Christian Church, Association for the Promotion of Christian Unity, Board of Higher Education of Disciples of Christ, and the state and provincial missionary societies during the year ending June 30, 1946, and including also the miscellaneous missionary, benevolent and emergency relief offerings (consisting of offerings made to independent missions, Red Cross, American Bible Society, Federal Council of Churches of Christ in America, World Council of Churches, Community and War Funds, and to all other agencies or causes to which the church has contributed during the year, except organizations reporting to the International Convention of Disciples of Christ, which amounts have already been accounted for, but including amounts given to the Christian Church Widows' and Orphans' Home of Kentucky and the State Development Funds in Oklahoma and Missouri) is \$5,693,325.26, against \$4,487,939.33 last year, an increase of \$1,205,385.93. The total of \$5,693,325.26 given on *budgets* this year makes an average of \$715.33 per church in the United States and Canada against an average of \$560.71 per church last year. For the 5,837 contributing churches the average per church is \$975.39 against \$764.29 per church last year. These figures indicate an increase in giving applying on *budgets* of \$1,205,385.93 as already indicated, or \$150.77 per church (considering all churches).

8. The number of churches and organizations therein making some offerings to one or more of the organizations for which the Year Book makes report is 5,837 against 5,872 last year, a decrease of 35 or .99%.

9. Based on offerings reported in the statistical tables made by churches and organizations therein to the national, state and provincial organizations, including the *miscellaneous* missionary benevolent and emergency relief offerings of the 5,837 contributing churches and organizations therein making some offering, 1,240 or 21.24% gave \$1,000.00 or more, compared with 1,138 or 19.38% last year, while 716 or 12.27% gave between \$500.00 and \$1,000.00 each against 690 or 11.75% last year, 1,820 churches or 31.18% gave from \$100.00 to \$500.00 each against 1,881 churches or 32.03% last year, while 2,061 churches or 35.31% gave less than \$100.00 each against 2,163 churches or 36.84% last year; and 2,158 churches and organizations therein or 27% gave nothing whatever as compared with the same number of churches and organizations therein last year or 26.87%.

10. First Church, Oklahoma City, Oklahoma, heads the list of churches reporting the largest total number of additions—namely, 581; and Canton, First Church, Ohio, heads the list of churches reporting the largest number of baptisms during the year—namely 212.

11. Magnolia Ave. Church, Ft. Worth, Texas, heads the list of churches making the largest *total regular offering* (not including the miscellaneous missionary, benevolent and emergency relief offerings) to the organizations for which this Year Book makes report—namely \$205,590.00.

12. In the list of 100 churches showing the *total* offerings of each church to all organizations (including the miscellaneous missionary, benevolent and emergency relief offerings) such offerings representing all contributions during the year ending June 30, 1946, as reported to the Year Book Publication Committee, Magnolia Ave. Church, Ft. Worth, Texas, heads such list with a total resident membership of 902 and a total offering of \$205,875.00, with an average per capita of \$228.24 per resident member. East Dallas Church, Dallas, Texas, which for fifteen years headed this list follows, with a membership of 3,423; total offering \$78,556.60 and \$22.95 per capita.

Last year this same church school headed this list with a total offering of \$8,556.86. This is an increase of \$279.91. First Church, Fort Worth, Texas, is second on the list with a total offering of \$6,000.00.

14. The missionary organizations of the East Dallas Church, Dallas, Texas, again heads the list in making the largest offering among all missionary organizations with an offering of \$10,222.33 against a total offering last year of \$8,754.91, an increase for the year of \$1,467.42.

"If I Had Only Known"

Ministers of all denominations keep repeating that tragic refrain. They can be heard in every quarter.

If they had known in time that the Presbyterian Ministers' Fund offers rates which cannot be obtained elsewhere, they would have placed their insurance with the Fund.

And others mourn their failure to take more insurance with this, the oldest life insurance company in the world.

It is far better to be insured with the Fund than to wish you were.

**CARILLONIC BELLS**

make the loveliest memorial of all

As a memorial for those who gave their lives in service, inscribe their names, not in perishable substances, but in the skyward tones of music—in Carillonic Bells, whose glorious song will rise day after day in praise and homage.

This is the tribute that none will have to seek out, that will not yield its lustre to time. The tribute of Carillonic Bells will send its message, pouring out in melody the wordless certainties of faith. And, listening, hearts will know, remember, reverence, those in whose honor the golden music sounds.

Schulmerich Carillonic Bells, surpassing all chimes or bells, are eminently suitable for such a memorial. A quarter-century of electronic science has enabled Schulmerich to develop tones of luminous beauty, clearly audible, even at a distance, and responsive to the most exacting degrees of modulation. They are simple to install, require no additional structure, and are moderate in cost.

If you, too, would like to create a memorial in music for those whom you have loved and lost, we shall be glad to send you a descriptive booklet giving complete details. Please address Dept. DC-1.
